PORN HEAVEN ON THE EAST COAST FOR A DAY OR TWO

by Gary Sage

Atlantic City really rocked recently with the arrival of dozens of porn stars and porn fans for the East Coast Video Show. A record number of adult companies turned out for the exhibition as more than 60 distributors, suppliers and manufacturers of adult video and CD-ROM products occupied almost the same amount of space on the floor of the Atlantic City Convention Center as did the non-adult exhibits.

The unique feature of this event is that it is the only major trade show where exhibitors are allowed to sell their product directly to the public. This policy guarantees a major turn-out by both fans and adult industry talent alike.

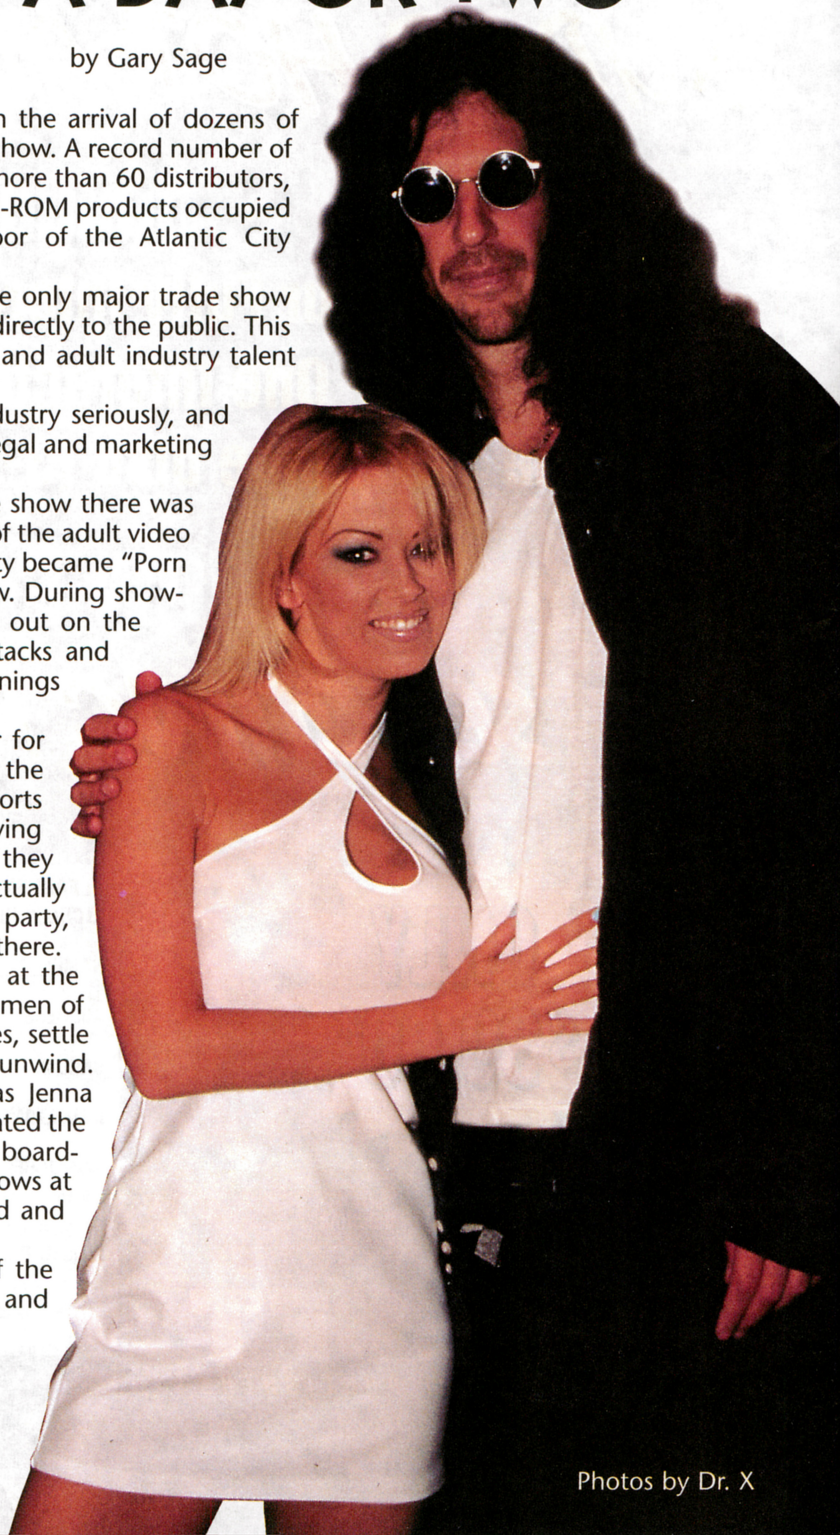

The East Coast Video Show takes the adult industry seriously, and seminars were held to contend with some of the legal and marketing issues that face retailers of adult material.

Aside from the business conducted at the show there was plenty of fun going on. With half of the members of the adult video industry estimated to be in attendance, Atlantic City became "Porn Valley East" for the duration of the three-day show. During show-time hours, most adult stars in attendance were out on the floor signing autographs at booths filled with stacks and stacks of adult videotapes. But during the evenings things took on a completely different tone.

Bill Margold organized yet another fund-raiser for the Free Speech Coalition titled "Take Me Out to the Ball Game." Porn stars dressed in T-shirts, shorts (despite the chill in the air) and hats served paying porn fans hot dogs, burgers and beer while they watched the baseball playoffs. The fund-raiser actually resembled a PTA function more than a porn party, except for the flashing of a tit or a twat here and there.

The real fun, however, was to be found at the Trump Tower's lobby bar, where the men and women of the industry gathered after-hours to compare notes, settle up unfinished business of the day and generally unwind. Craziness of all sorts went on as starlets such as Jenna Jameson, Brittany Andrews and Lana Sands dominated the scene at the hotel bar. Gawkers gathered on the board-walk and peered into the Tower's huge glass windows at all hours of the night until security guards arrived and chased them away.

Partying continued on until the wee hours of the morning. That might explain some of the absences and

Jenna Jameson (see her interview in this issue) with her biggest-and tallest- fan, Howard Stern.

Photos by Dr. X

tardiness on the second and third days of the show. Most notably over-partied was Lana Sands, who mixed up her prescriptions and passed out on the convention floor, only to be hauled away in an ambulance.

Another exciting event of note was the small fight that Tyffany Million and her somewhat-estranged husband/boyfriend Jeff Hickey, sometime editor of New Rave magazine, had on the convention floor. Ms. Million apparently slugged Mr. Hickey and before he could get respond had him thrown out of the convention for the remainder of the day. After relating his tale to convention security guards, however, the same guards returned to remove Ms.

Million for the day as well. Fortunately, both Ms. Million and Mr. Hickey were back the next day and were both on their best behavior.

Happily the biggest draw on the floor was not the spontaneous duke-fest between ex-partners but rather the beautiful pusses and pussies milling around who kept everyone's eyes busy. One of the fan favorites-and someone who commanded the longest line-ups-was none other than Jenna Jameson, who seemed to be everywhere. She was even whisked away from the convention early to New York in order to shoot a cover for Movieline magazine with her No. 1 fan, shock jock Howard Stern.

Other big draws were Juli Ashton and her recent pint-sized co-star, Scotty Schwartz-who co-starred with Richard Pryor and the late Jackie Gleason in the film "The Toy"-and who recently — with Juli — appeared in his first X-rated film. Well, he almost did it, that is. The story is that Scotty put in a grueling day of work in front of the hot lights and cameras, but couldn't deliver the obligatory "pop shot," which will be finished up at a later date. Anyway, that's the rumor.

Hefty porn legend Vanessa Del Rio (above) who has grown in more ways than one, takes a break from the buffet. A small gathering of very large mams have a good time at the "Take Me out to the Ball Game" dinner. (above left) Madelyn Starr barely manages to stay in her brassiere. (below, left) The girls and their hooters clown around backstage at the ECVS. (below)

Nevertheless, Scotty was present, signing autographs for the fans, but was rather tight-lipped when asked about the entire affair, saying only that this was his one and only experience in the world of X and that he did more than was required of him.

Other appearances of note: Rebecca Lord, looking younger and better than ever, was there promoting several films and her new CD-ROM from Pixis titled "Diva X: Rebecca." Ms. Lord says she's very proud of her work and is happy to be featured in the prestige cyber-series.

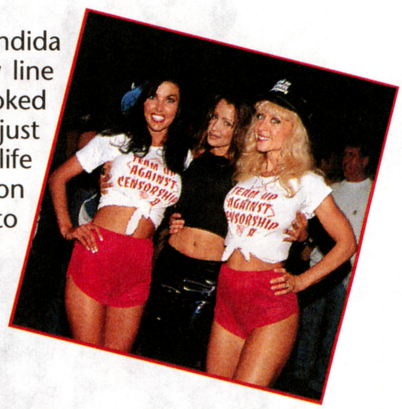

Brittany Andrews, the new host of the cable access show "Talking Blue," which is all about the porn industry, was there doing interviews and small bits for the cameras. She and Shane of "Seymore and Shane" fame compared their newly shaved clams. However, Shane was not satisfied with just a look and a test for smoothness—she wanted a taste, too, and Brittany was only happy to oblige.

Several porn legends turned out for the show, including Christy Canyon, who's looking thinner and younger than ever now that she's retired from the biz and married to Adam Film World editor Jeremy Stone, who was also there pressing the flesh and greeting what seemed like everyone.

Not looking quite as well for the wear were Nina Hartley and Vanessa Del Rio. Ms. Hartley was looking her usual plastic self, with a smile that seemed to have been grafted on permanently with her last facelift. Ms. Del Rio, on the other hand, who hasn't been seen in public in ages, turned up in all her glory. Sad to say, though, there's a lot more of her to admire in her old(er) age. Despite her heft she managed to keep her sense of humor and signed autographs of her younger, thinner self for anyone who recognized her.

Also on hand was Candida Royal, promoting her new line of couples films. She looked better than ever, which just goes to show that there is life after porn-it just depends on whether you manage to graduate or not.

(clockwise from top left) Scotty Schwartz tackles a porno newcomer. Anne Malle, Lisa Ann and Nina Hartley prepare to down some dogs at the "Take Me out to the Ball Game" dinner. Where was John Stagliano's finger? Only Jenna Jameson knows. Lisa Ann is admired by her fans.

How to Pick up Women on the WEB

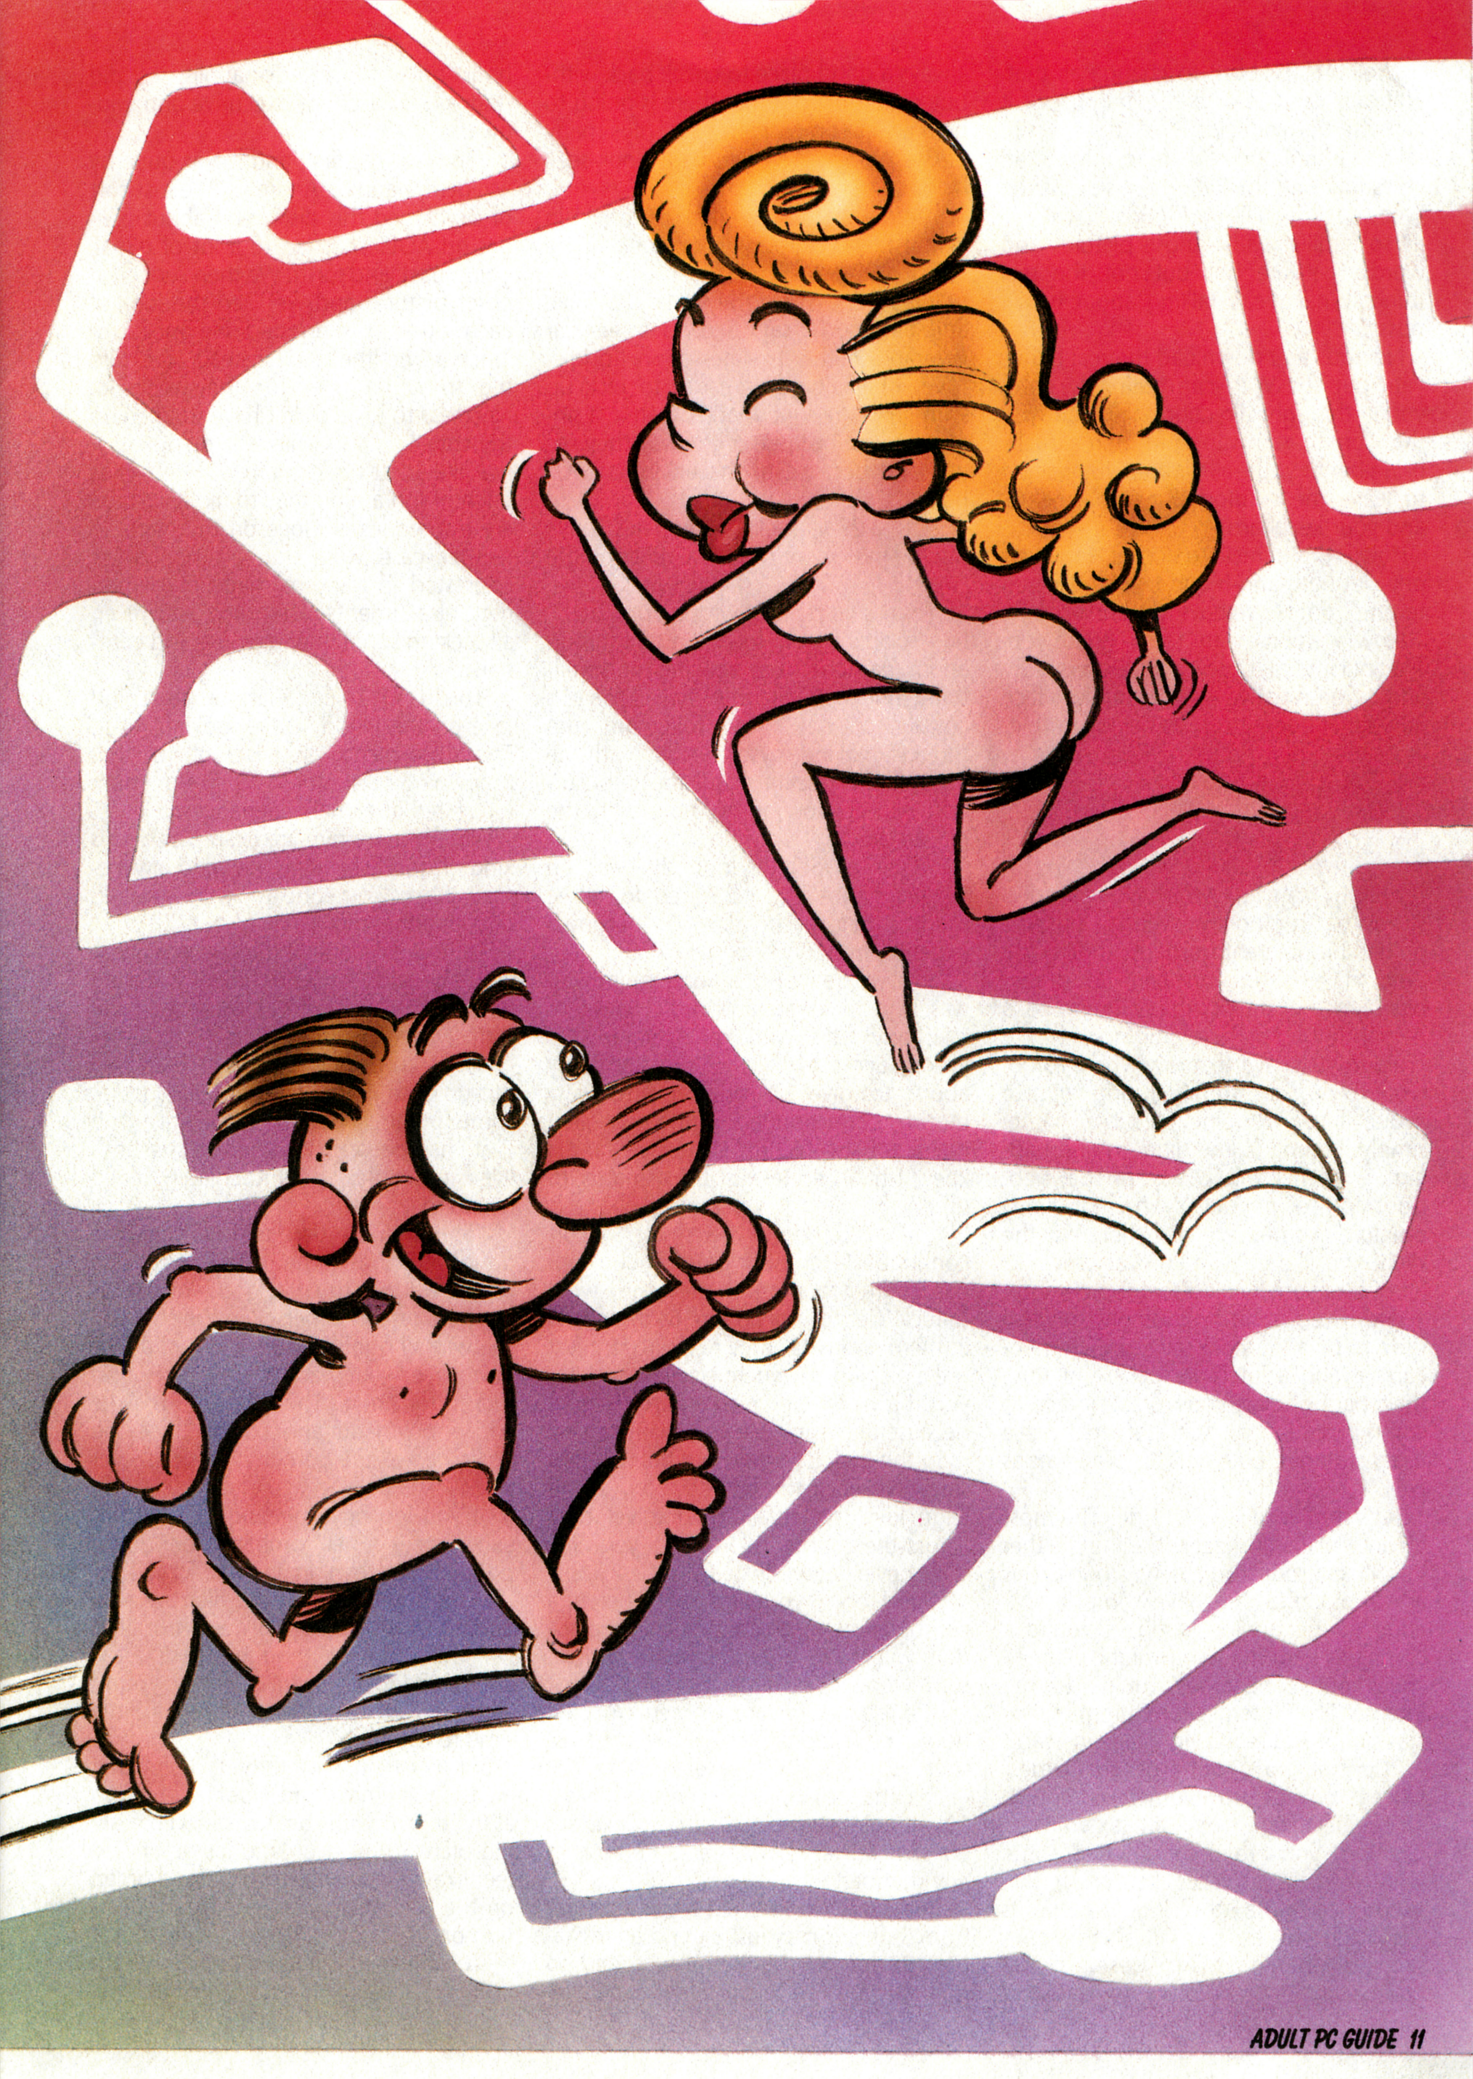

Here's the real skinny on how to score on the Web...and we don't mean simulated sex either. It's fun! It's pretty easy, and it sure beats picking up hookers on the street corner as Hugh Grant can tell you. There ain't vice cops on the Internet, yet!

by Gac Serrian

Ah, the ubiquitous Web! Everywhere one turns nowadays there is more news of the Web, including Web page addresses and hot links. Language itself is changing radically thanks to the presence of this persistent cyber-connection snaking its way around the globe.

But let's face it: has the Web truly improved the quality of our lives? Yeah, so now we can check the listings on the Mongolian Stock Exchange with more ease; we can get the weather report from Yemen without speaking Yemenis, and, yes, you've probably used the Web to download shots of some Thai contortionist who does some interesting things. But, come on, be honest, what has the Web done for you lately? The answer is probably "not much."

Well, we're about to change all that. Not only can the Web get you off, but it can also get you laid. That's right, we're talking about the real thing. This is an investigation into the reality side of the Web, not the GIFs and JPEGs that we're all so familiar with—those pictures and words that are hot but not the real thing. What we're talking about is real pussy.

No you can't download the real thing-yet—but the Web can definitely point you in the right direction, help you woo the woman you want and then actually bring her to you—all without you having to leave the comfort of your armchair and your keyboard.

How is this miracle to occur? How does one get flesh-and-blood poon delivered to one's door? We have the answers!

Now, we don't want to disillusion you. The pursuit of pussy isn't always easy and it doesn't always work. But let's face it: when it does, it sure as hell is worth it.

The Means

Okay, first you have to understand that surfing the Web for pussy is quite a bit different from just surfing the Web. The distinction can be drawn between the act of simply going to a neighborhood bar-and cruising. If you're cruising you have to know where to go, what to do, who to talk to and what to avoid. If you're going to a bar, you're simply hoping something might happen. All of this is true of the Web. Contrary to popular (read: ignorant) opinion, women are out there on the Web, and like all women everywhere, a lot of them are looking to get picked up.

However, poon hounds on the Web have to be a lot more savvy, much more earnest and a lot more persistent than their bar-hopping cousins. Let's face it: communication on the Web may have its advantages, but it has it's problems as well.

Let's start with where to go. The most obvious place to meet someone is either in a chat group or in newsgroups.(This article assumes you have some knowledge of the on-line world. If you're a complete neophyte you might want to check out a beginner's guide to the Internet like "Internet for Dummies," or stay home and rent a videotape instead.)

Contrary to popular belief the best places to pick up women is not in alt.sex.bestiality or alt.sex.analsex. Granted, you are going to find some women in these places, but you're just as likely to find a lot of immature nerds logging on for an evening of cross-gender prick-baiting. The alt.sex newsgroups are a great place to start-and always a good place to check back with-but the problem is that there is going to be a lot of competition here, plus many of the women are there on a "look-see" basis.

The place to really engage women in chat and newsgroups is on their home turf.

"Get them where they're comfortable and off-guard", says Scott a three-year veteran of the on-line poon toggle. "Everyone knows it's easier to pick up women in the supermarket than in a singles bar just because of the way they see you and because of the environment." he adds.

Scott, a 29-year-old Los Angeles native says he has "scored" several times on the Net.

"There's no right or wrong approach," he explains. "I like to pick a newsgroup about gardening or cooking or something innocuous like that. Then I spend a couple of days just following the threads, making myself familiar with the tone of the postings and the re-occurring names. You gotta know who the players are."

One of Scott's triumphs was an "acquaintance" he cultivated for three months before she flew, at her own expense, from Phoenix to see him.

"She was gorgeous: a single mom who was kind of lonely and didn't want to take any risks with guys where she lived," Scott explains. "I was actually about to give up on her after two months correspondence when she sent me a topless picture of herself, and I knew I had her. It was just a matter of time.

"You gotta be smart," Scott continues. "Don't ask them about their garden and then ask them if they want to fuck. Get to know them. Be interested in them and what they're doing. It's just like a pick-up anywhere else, except that you have to be even more patient because they can't see you face to face."

So the trick is to cultivate the relationship. Never lead anybody on. Don't feign love to get a girl to travel clear across the country just to fuck you. She may never leave. Instead get to know her and once you find that there's a combination of characteristics in place that will make a rendezvous possible, start working towards that end. What you're looking for are women who are single, professional, lonely and are frustrated with the scene where they're at.

The chances of you getting to bang a 19-year-old virgin cutie from Arkansas are slim—these girls just aren't on-line in any numbers.

But a 32-two year-old legal secretary from St. Louis may just extend an invitation to you to spend the weekend so that all you have to do is make the five-hour drive from Indianapolis, as did Andrew, an account executive and widower.

"She was my first, and it was quite by accident," admits Andrew. "We just sort of developed this discussion about politics on AOL. That led to a lot of e-mail going back and forth. We then sent each other pictures and we liked the look of each other. I suggested we meet for lunch sometime and, instead, she told me to come over for the weekend. Needless to say, I didn't have to sleep on the couch." Believe it or not, stories like Scott's and Andrew's are not as uncommon as you may think. No, these are not stories of "love on the Net." In neither case were any of the parties interested in love, marriage or permanent attachments. They were, however, all seeking some brief pleasure and company.

This is not to say that you can't find love on the Net if you're looking for it. There are plenty of stories of just that happening. But, for now, we're more interested in carnal experiences.

What is more rare are examples of this kind of story which we got wind of via e-mail from someone who wishes to remain anonymous.

"It started on one of the sex chat channels," he said. "Me and this chick, calling herself Kittykat, started talking back and forth. Then we switched to another channel and we were really trying to out-do each other with hot talk. Then at some point, she mentioned this club that I had been to. It turned out we both lived in Seattle, so I immediately dared her to meet me.

"She took the dare and we met at a doughnut shop," he continued. "She turned out not to be as good-looking as she had described herself in the chat but she was all right-looking and had a nice body. We went back to my place and fucked for hours. Then she told me she had a boyfriend and couldn't see me again. It was the best chat session I ever had."

If you log on expecting that kind of experience, you'll probably be disappointed. But then again, who knows?

Many adult areas on the Web are now adding chat as an option on their sites. For the moment though, these areas aren't flooded with willing young women, but everything takes a little time to catch on.

But be careful with these types of chat areas. You may find yourself getting along royally with some chick-even making plans to meet up-and it's getting to feel like it's real easy to pick up women on the Net. Well, you're probably chatting on one of the "stocked" sites.

To attract visitors and to keep them there for the advertisers, some sites will

"stock" their sites with women—or people posing as women—by paying them to log on and chat with visitors. This, obviously, will get you nowhere fast.

Remember, due to the anonymous nature of the Net, it's one of easiest places to get scammed, so be on your guard.

"I call it the photo test", Scott explains. "After I've made her comfortable with me in chat rooms and via private e-mail, I always offer to send a picture of myself and request one in return. Then we'll talk on the phone a few times and see where it goes from there. I've had girls send me pictures of their younger sisters or of just some girl they happened to have a picture of. That's why you have to see the picture and then talk to them on the phone. Otherwise you can't be sure."

Alternatives

Chat groups and newsgroups are good places to start, but there are other possibilities for meeting and corralling women on the Web. MUDs are places where you can take women for a cyberspace date, or even meet women when you're there.

For those unfamiliar with what a MUD is, the acronym stands for Multi-User Dimension or Dungeon. The idea is simple but you have to be a little more computer savvy to get yourself in and on (no AOL neophytes need apply). The idea is that you telnet (log on to a remote computer) and enter a text-only virtual world that's described to you by other players and a Sysop.

MUDs come in many flavors, from sci-fi to fantasy—which are the most common types—to orgy MUDs, which are a little harder to find. An orgy MUD will consist of a sort-of long, improvised poem of erotica that you can plug into. Some people get off on these; some people just do it for fun, but the point is that these are places to meet other like-minded people—especially female people.

"We found that after a couple of months we were down to a core group of about 12 people every week, so we decided to close it off and then have a real live meeting and orgy," explains Eric, a self-proclaimed computer geek based in the Denver area who ran an orgy MUD before moving on to other aspects of sex on the Web.

"Sometimes there would be as many 40 people all trying to fuck each other on-line, which was a real mess., Eric recalls. "We did this every Thursday for almost four months before everybody could get organized to actually do it in person. We were mailing photos back and forth and working out a time when all 12 could make it. That was the hardest thing.

"But finally we did get together in this little motel outside of Durango, Colorado, which proved to be the most centrally located spot. We rented out the honeymoon suite and scared the fuck out of the owners when 12 people piled onto the bed and the thing collapsed. But it was a lot of fun.

"We figured it would be okay if there were a couple of extra guys, but that turned out not to be a good idea, especially since one of the women didn't show, so there were three extra guys. It was almost like a gang-bang but the women loved it," Eric recalls.

Information about MUDs is available, obviously, on-line, and getting the telenet addresses of the sexually-oriented ones will take a bit of work. A good place to try is on some of the BBS' in the BBS section later in this magazine.

Private Webs and More

BBS's are also great places to meet and pick up people. Since they are local, there's a better chance you're likely to meet someone from your area and, consequently, that either of you would be willing to make the trip to meet in person.

The BBS section in this magazine is a great place to start. If you can't find a BBS in your area you have two choices: look harder (check resources on the Web, ask at your local computer store), or start one yourself. It's not as difficult as everyone thinks, plus you could have the cache of being the Sysop (and we all know Net chicks go for Sysops).

Another place to snag some gash is in a place so obvious many cunt-hounds overlook it: the Web personals. That's right, sometimes horny ladies will advertise that they simply want to get laid. Granted, it's not the most common message you're going to find, but if you're willing to troll through endless pleas—from Russian women looking for American husbands to Thai pimps offering their sisters for sale—you might just run into something like this: "Horny SWF looking for clean SM for fun in Chicago. I'll be there on business from xx/xx/97 to xx/xx/97. Show me around and I'll show you a thing or two. Non-smoker, reply w/photo," a real ad we culled from the tons of spam that was out there.

Another one: "Lonely too long, SDF, 38, has had it with being nice. I need some good loving. Will you be my knight in a Trojan? 30+, clean, prefer blondes, but willing to be surprised."

You can bet these girls get more than one letter to choose from so you'll have to be creative and sexy to get them interested. Keep in mind that whenever you're replying to personals, there's going to be a ton of replies, so you've got to make yours original and creative.

But, hey, this is an article about picking up women, not about how to get a personality. You're on your own there.

The Pros

When all else fails-and as men we have to face the fact that sometimes no matter how good-looking, charming or intelligent or macho we are, all else will fail for each and every one of us at least once in our lives-it's good to know that you can fall back on the pros.

Now, it's true that you don't need to worm your way through piles of ads on the Web in order to find a professional call girl or masseuse when you can just hit the local street corner. Of course, there are vice cops on a lot of street corners, as Hugh Grant can tell you. Another advantage of getting your pro poon off the Web (and you do have to look for it; it's not as in-your-face as some local newspapers) is that you can often get the skinny on the babes and know that you're putting your money into a wise investment.

Plus, maybe she'll be able to give you some other cool Web addresses to check out, or a tip or two as to where to find real trim on the cyberwire for next time. Don't underestimate how much these ladies know: they are, after all, professionals.

In Sum

As a final word let's just sum up what we've learned today:

1. Women are to be had on the Net; you just have to use your imagination and be patient in your pursuit.

2. Writing skills, spelling skills and lyrical flair all count as big bonuses for Net nookie hunting.

3. Learn to read quickly and between the lines-some women want their hedges trimmed and other need their trim hedged.

4. Be prepared to spend hours in front of your terminal with BOTH hands on the keyboard. If you're new, posting to newsgroups is a better way to get aquatinted than chat because you have time to think about your answers and to check your spelling.

5. Don't lie. Do be creative. A lie will turn women off. A creative embellishment will only intrigue them more.

6. If you're not sure, don't do it.

7. Don't end every message with :), but do learn the language of cyberspace. Cybersex is just like old-fashioned sex: the more you do it the better you get at it. Good luck and good hunting!

PICK UP LINES FROM THE INTERNET

Here's a list of the best-and worst-pick-up lines culled from the Net. They're meant to be used in person, but some will work in cyberspace. Try them all, just for fun.

Best Opening Lines:

30: Excuse me, Miss, does Heaven know that one of its angels is out after dark?
29: (After catching a girl's eyes a couple of times): Excuse me, don't you think it's time we met?
28: (Pretend you didn't hear her opening line to you): What did you say?
27: I'm hungry and don't know the area. Could you recommend a good place to have dinner? Care to join me?
26: Compliment any part of her wardrobe, particularly shoes and/or jackets.
25: Compliment any part of her appearance, particularly hairstyle, tattoos, piercing, jewelry. Avoid eyes, tits and ass.

CLUB CHACALTAYA

A TITILLATING TOUR

Net Reviews: by Gaius Sallust

Deja Vu Showgirls

http://www.showgirl.com

Our featured site this month is the one spotlighting a legendary chain of strip clubs which are grouped together on their own site. Just as in real-life clubs, this site offers a smorgasbord of choices and possibilities when it comes to poon.

First off, the site stands alone without the necessity for links or other products. It features lots of stories of strip club shenanigans and plenty of poon pics, and there are shower shows and guest appearances at various clubs and at the Deja Vu Showgirl's offices.

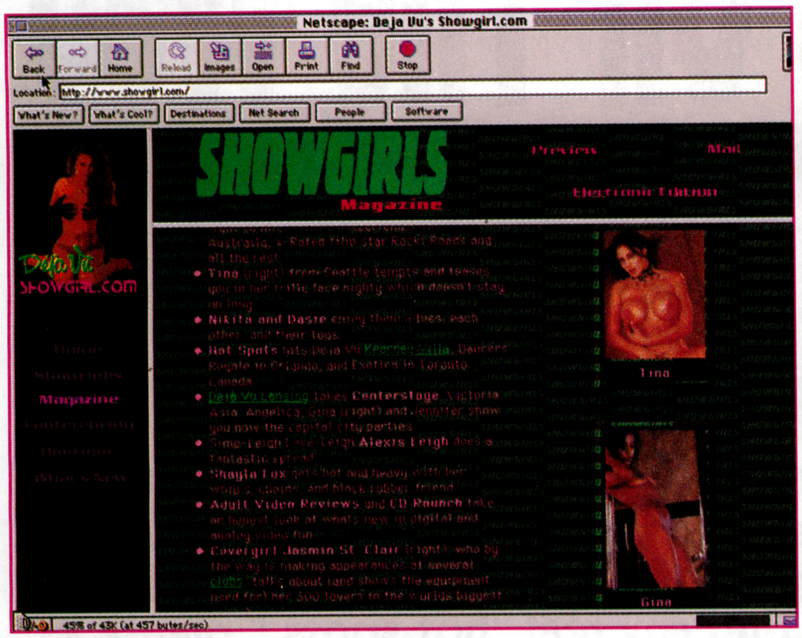

Then there is the magazine, which includes both previews of all of the hard-copy (paper) editions fresh off the press as well as an electronic version of past issues. You can sign up for a subscription which you receive electronically and then browse at your leisure. Overall, this site is filled with great features—far too many to mention in such a small space—and tons of great tang. Take our word for it: you will never become bored with the wide array of smut presented here.

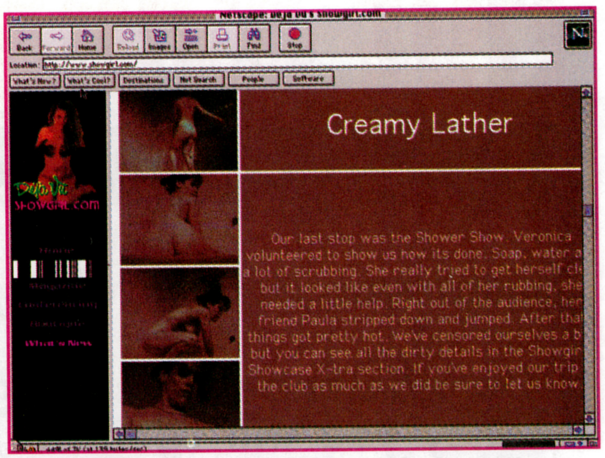

And on top of all of this, there's live nude chat, which allows you to interact with dancers from many different clubs. If you're more the voyeur type, then you can just sit back and watch the shows on stage via cameras in the strip clubs. These are sometimes live and sometimes taped, but in either case you will see some of the hottest chicks to ever sashay across a stage and bare their all just for you!

Just like in the Ginsu knife commercial—you get even more! You can also use the site to locate the strip club nearest you as well as to find out what's happening there. If it's going to take you a decent hike to get to a club, then you're going to want to know what's happening there before you make the trip. The site keeps you updated. And let's say you're in that rare location in America where it is just too far to travel to any one of the gazillion locations the site lists. Well, you can still order Showgirls merchandise off the Web, including mags, clothing, videos and what-have-you.

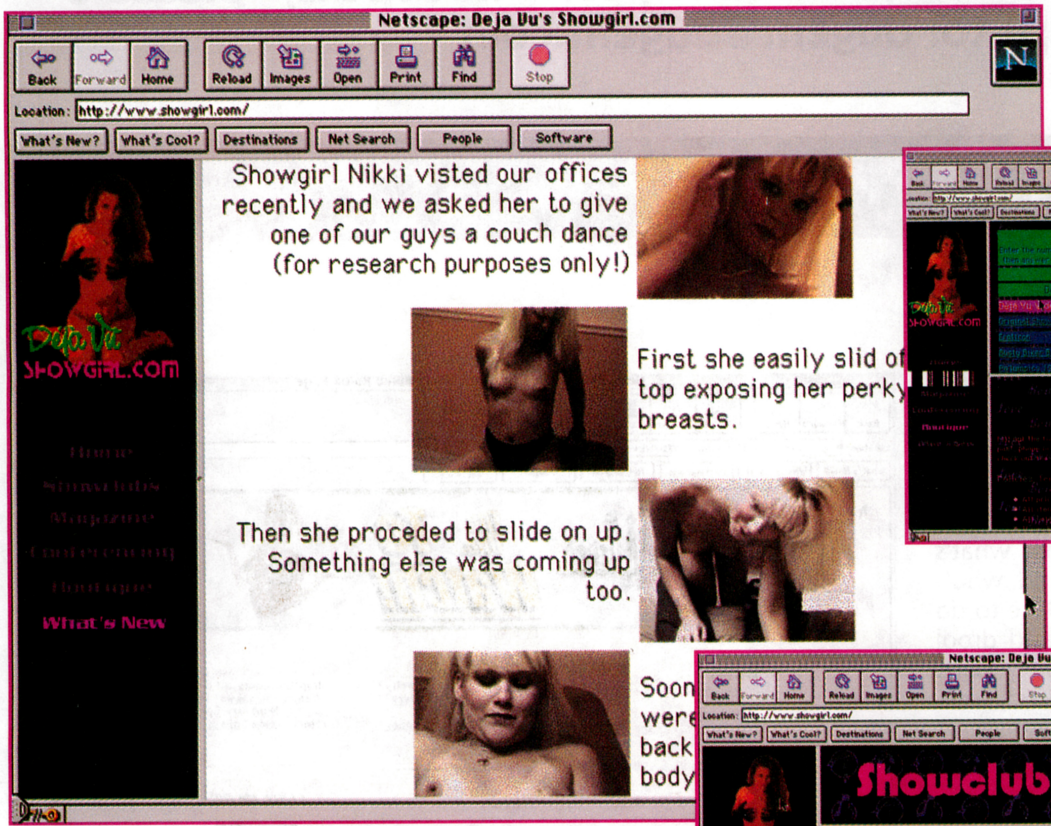

What makes this site special is that it's very well-maintained. Using the latest Adobe and Java plug-ins, these guys bring you a state-of-the-art sexual experience. And because you're receiving it via one of several T1 lines they have hooked to their servers, you can be sure that you'll never have to wait. Now that's how you make a great Website! All you Web masters should check this one out for pointers, and Web surfers should stop and have a look around. You won't be disappointed.

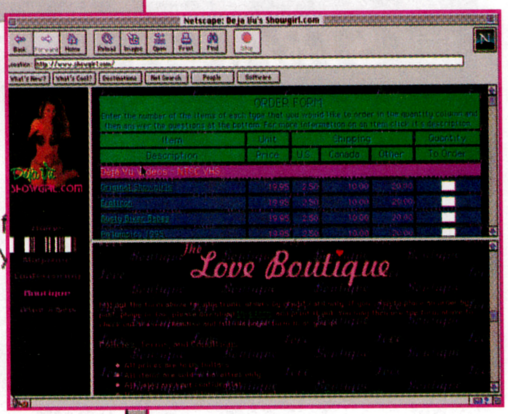

OF THE WILDEST WEB SITES AROUND

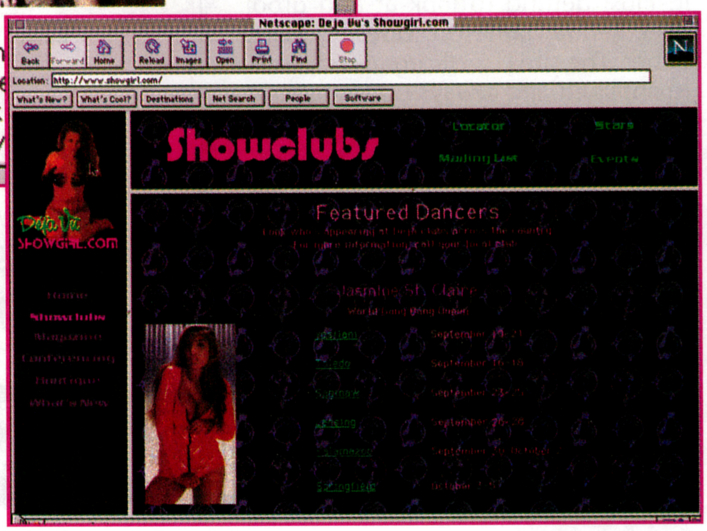

Deja Vu Showgirls is a chain of strip clubs that have gotten together and formed one Web site. There poon pics like these, lots of hot tips on the clubs, and everything you need to know about these places

If simulated lap dancing and cybersex are your thing, tune in to Deja Vu Showgirls where you can listen to the girls talk dirty and even order love toys from your chair.

Hot Spots On The Web

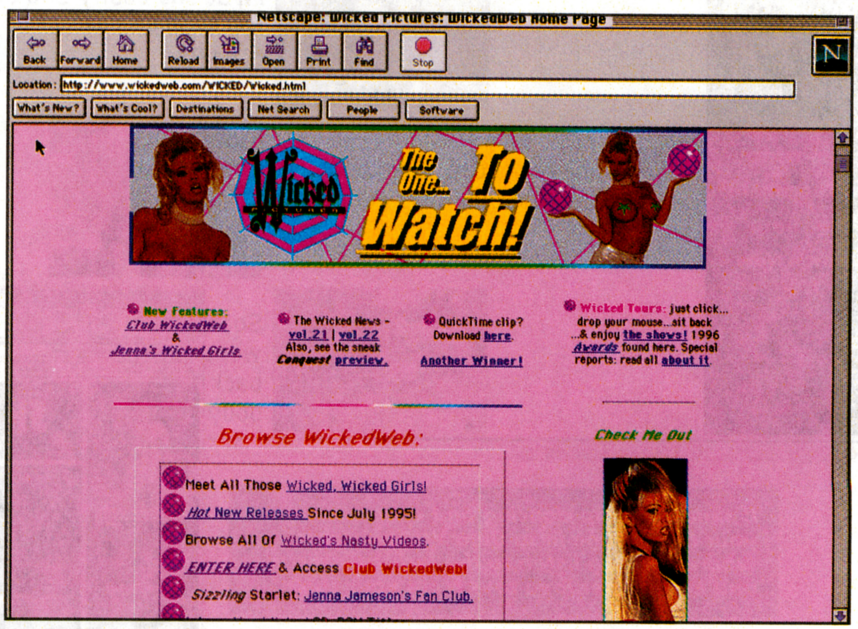

Dear fellow Web-browsers, and Netizens,

Our efforts here are designed to reduce the time, energy and money you will spend in searching for quality adult-related Websites. We surfed with a 28.8 modem, and the latest Netscape Navigator 3.0 Beta. We accessed the Internet with an unlimited local provider, which is really the only way to seriously surf the Web. If you find any real "hot spots," please e-mail the url (http) to: dugent@dugent.com

STRAIGHT

Wicked Web
http://www.wickedweb.com

This is a great little site that features some of Wicked Pictures' hottest talent. There aren't a helluva lot of naked chicks here, but the plus-side is that there is a wealth of information about the porn industry. If you want to get the latest gossip about what's going on in Porn Valley and who's doing who, this is a great place to do it. Plus, getting to look at and drool over Jenna Jameson doesn't hurt, either. The site is well-organized, well-maintained and always up to date.

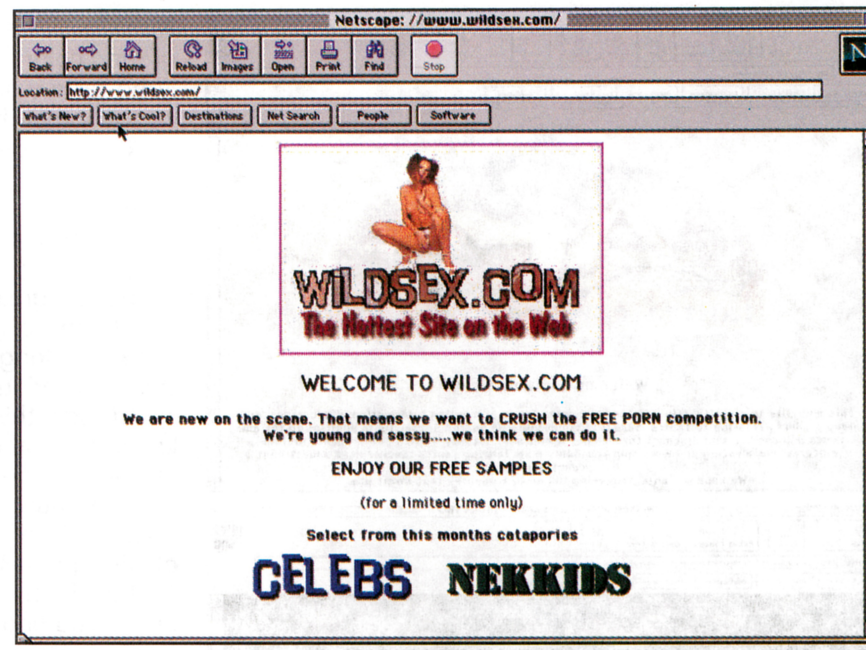

If you're an aficionado of what's going on in the porn industry, Wicked Web is the site to see. Plus, you get some naked ladies including sexy Jenna Jameson.

Hot Sex
http://hardkink.hotsex.com

This is a fetching Web magazine that costs a little bit to join, but has all of the features that it promises-and more. The theme is a little on the kinky side, but not enough so as to make it a true fetish site. This is basically a straight sex center for people who like their straight sex with a twist, but not bent totally out of shape.

Wild Sex
http://www.wildsex.com/

This is another aspiring site that features obviously (and some not so obviously) retouched photos of your fave celebs baring their best. If you've never seen Heather Locklear's face grafted onto the body of a chubby Irish girl, than this could be the site for you. We figured that just the fact that someone has the gall it takes to do something this glaringly stupid makes this site worth mentioning. Interestingly, the chubby Irish girl's got a nice set of tits, so even though it's not convincing, it is mildly titillating.

Heavy Hangers is a site for men who like 'em big and soft and hanging down...we're talking tits here, fellas, and they've got the big ones.

Heavy Hangers
http://www.heavyhangers.com/hh.html

No, this is not a site for hanging potted plant fans. This site is dedicated to those ladies who have been especially gifted by Big Mama Nature in the mammary gland department. Most of these women look as if they could breast-feed an entire nursery. But the upshot is that there's more here than just tits. There are lots of spread shots of a variety of girls with huge hooters. You've probably seen some of these honeys before but there are sure to be quite a few of them that you've never encountered.

Paramour
http://www.paramour.com

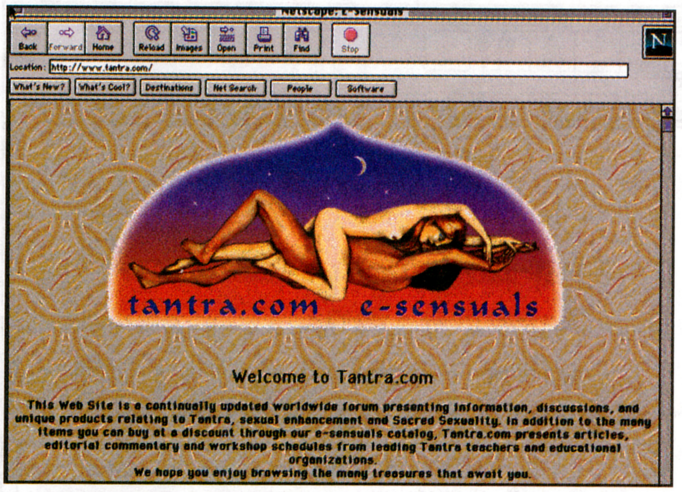

Paramour is a high-brow literary magazine of erotica and sex- theme fiction. This site should be high on the list for those who find the written word to be as erotic-or more so-than the graphic image. This is a pretty extensive collection of stories and confessionals, with a few "tasteful" illustrations thrown in. The fare here is light to rare, with nothing pushing at the edges of sexuality-or even far out. But supposedly this stuff is well- written, so, like, we should care, right?

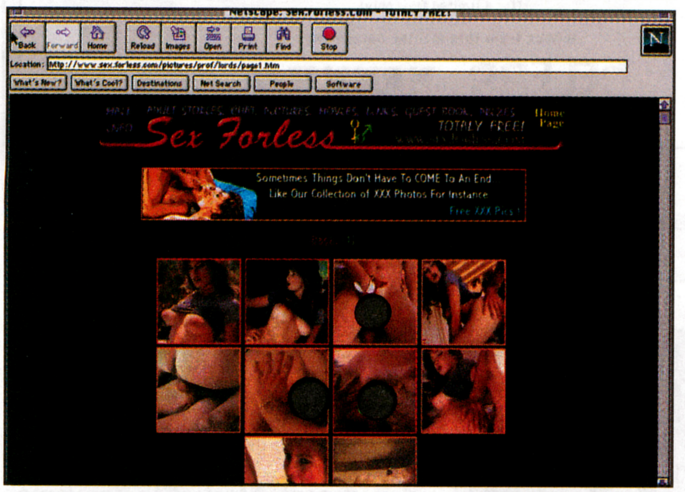

Wild Rose's Homepage
http://www.carolcox.com/index1.html

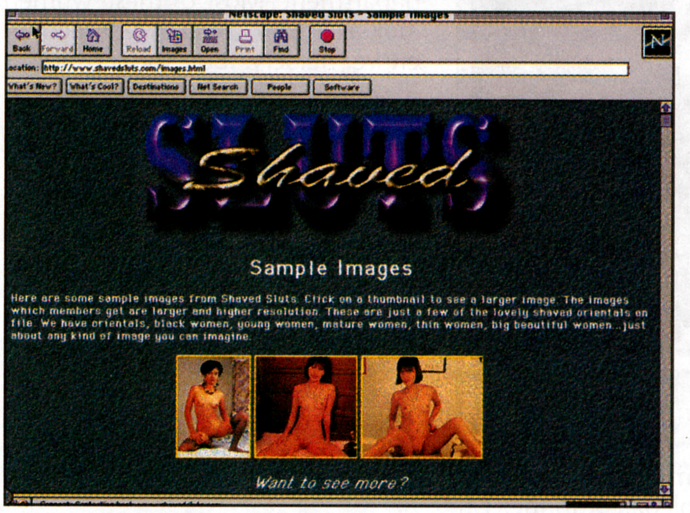

A nice homemade amateur page featuring a pretty average-looking but obviously very horny slut from Montreal. There's something appealingly honest and straight-forward about Rose's confessions and the photos of her sucking and fucking which accompany the piece. It's sort of a "here's-my-pussy"-type page, with no frills. Here's a meat and potatoes approach to poon on the Web. So if you're into the middle-aged housewife next door, Rose is your gal.

Westside Babes
http://home.sol.no/hansmo/westside/

This is a great place to check out celebs, including some hard-to-find shots of Demi Moore from her youthful beaver-spread when she was only 18 (God help us all)! This site is well-organized, with thumbnails up-front, thus letting you pick and choose the best of the stuff that you may want to download and keep for later. The only problem

with this site is the really ugly (gold, orange, tin) background color that must have taken someone with really no taste whatsoever a long time to achieve. Some of the other babes include a few Playboy bunnies (naked...big deal!) and a few anonymous asses.

Tantra
http://www.tantra.com/

This is a great guide for those interested in the fine art of Tantric sex, the ancient sexual art practiced in India way long ago. This is a site for those that take their sex seriously. If you don't know anything about Tantric sex, this is worth checking out; if you want to know more about Tantric sex, this is worth checking out; if you couldn't give a fuck, then you should stay away because there is no pussy to be seen within a dozen links of this site! As well as being a depository of wisdom on subject books, tapes and other "how-to Tantra" items are available. Nothing to jerk off to, unless you find skinny Indian guys arousing.

Sex For Less
http://www.sex.forless.com/pictures/prof/index.htm

But not less sex. It's free, so it doesn't get much cheaper than this and the quality of the photos is really good. Lots of shots of celebrities, including a certain porn star who was underage at the time of her illustrious porn career and is now a TV personality—gee...who could we mean? Well-organized and to the point. Other celebs include the Pamela thing and that overweight blonde ex-bunny who married the now-dead billionaire. Also several other categories like lesbos, anal and just plain fun.

The Nudie Bar
http://www.originalmusic.com/nudie.html

This is a young site with just a few good photos but it shows a lot of promise. This one's got attitude and promises lots of chat possibilities. Who knows? This could become popular for a while—even a long while—as places sometimes do. For the moment, however, there's not a lot to explore other than average nookie shots. Not a complete disappointment, however.

Shaved Sluts
http://www.shavedsluts.com/

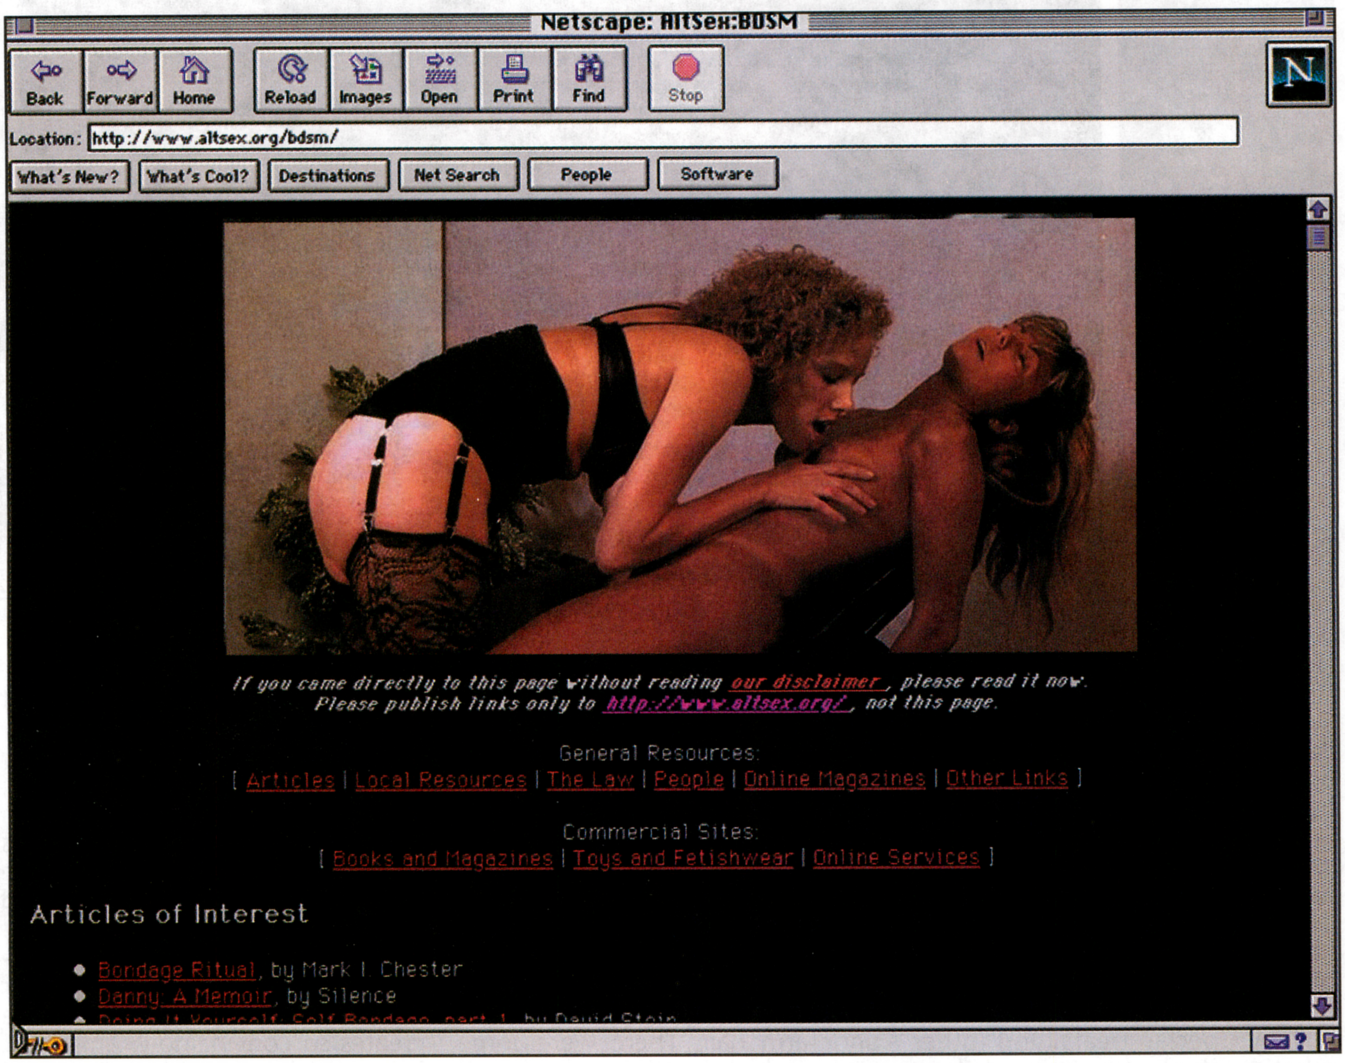

Bald is beautiful, don't you know? Finally, here's a site dedicated to clean clam. For some reason most of these girls appear to be Asian—not that that's a problem—but non-Asians shave, too. There aren't a lot of real close-ups of bald beavers, but enough for the connoisseur of clean cooze to ogle.

The Definitive Natasha Henstridge Homepage
http://www.cs.buffalo.edu/~jrs1/index.html

How can we not include this page? Generally we avoid pages devoted to just one girl but, hey, this is no ordinary girl! Some poor bastard with no life whatsoever has spent a good deal of his time digging up old magazine covers, a Playboy layout and he even bothered to take some snappy grabs out of the video,

"Spices." This is true devotion. This is true love. And it's good wank material for those interested in seeing this heavenly body displayed for their pleasure. Needless to say there's also a biography, a filmography, a diet and...we think he's working on a stool sample!

FETISH

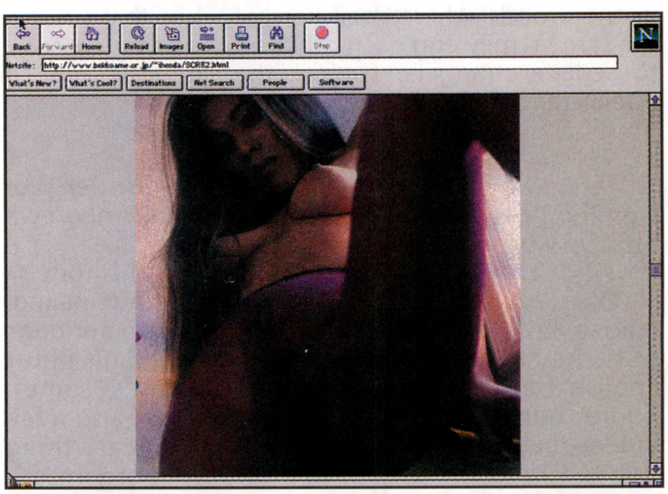

AltSex
http://www.altsex.org

This is virtually a one-stop shopping mall for alternative sexual Websites and another great place to start an exploration of the Web with a slightly sexy twist. Not a lot actual photos or stuff here, but there is some if you look and definitely some interesting info to be had.

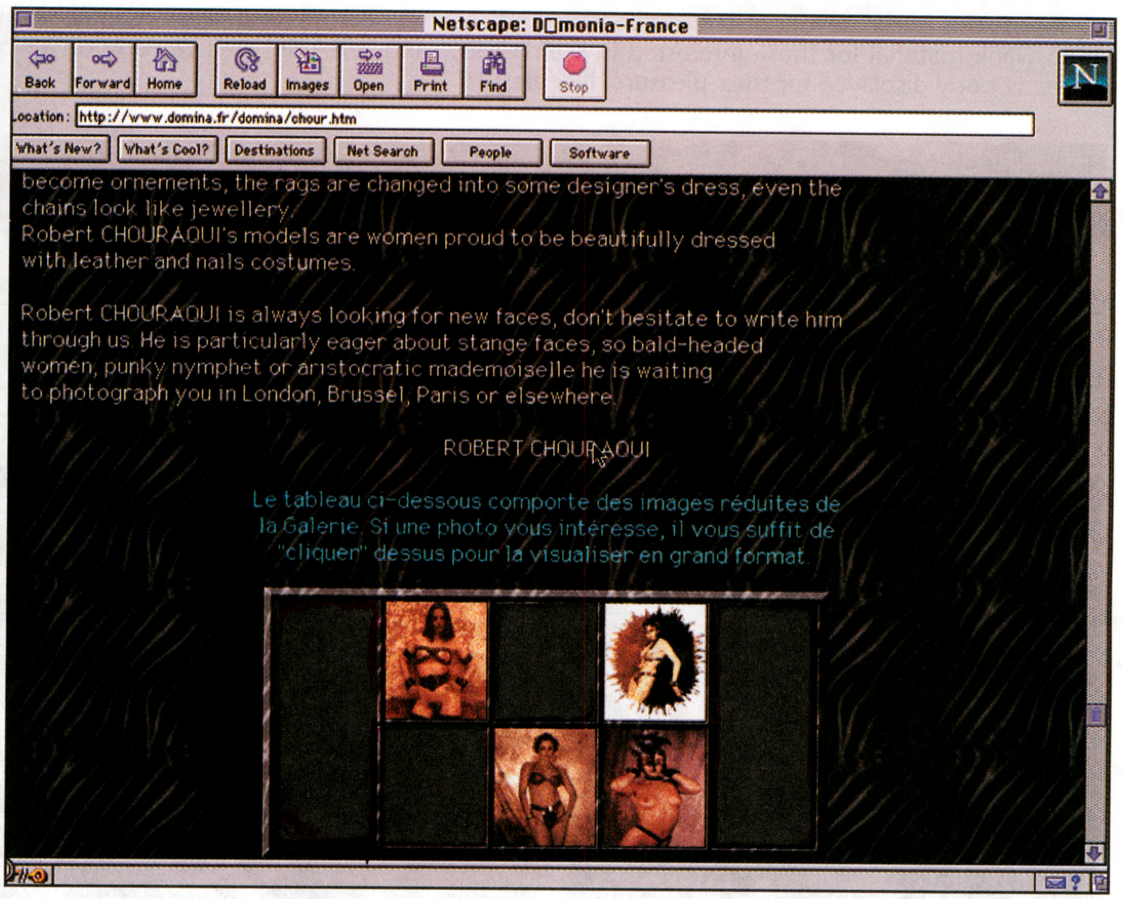

Up Skirt Scrapbook
http://www.bekkoame.or.jp/~ihonda/scrapbook.html

An interesting collection of photos of mostly Japanese women and their stockings. This is another one of those sites for those who are tired of plain-old naked women. If you've had enough pussy shots, spread beaver and hanging honkers, this just may be the site for you. Now if somebody could just explain to us what the deal is with the burgundy stockings? Huh?

If you're into games, AltSex is the place to be where you can find plenty of action. Or, if you just like looking up Asian girls' skirts, try the Up Skirt Scrapbook.

Parle Vous Francais? Or, if you don't speak French, there are still enough hot fetish shots on Domina Presente to help you translate what they're about. And, if you want to buy your loved one a present, there is some French merchandise for sale. Oh, la' la'!

(Fetish cont...)

Patche's Place
http://www.frontiernet.com/~patches/home.shtml

This is an amateur's extravaganza...but don't think it's some tame Midwestern page with a single homely girl showing off one-half of her nipple. There's some weird things that happen here; look for holiday special treats and other oddities. Think of a cabin set deep in the woods where members of the same family egg each other on to seduce strangers; sort or the "Deliverance" site of sex.

Domina Presente
http://www.domina.fr

Okay, so you sort of have to read a little French to get this, but they're working on their English translation. (If you can't figure out that Catalogue des Videos means Video Catalog, you don't belong on the fetish Web anyway! The fact of the matter is they have some really hot fetish shots and merchandise on a fairly well-organized site.

The Underarm Gallery
http://web20.mindlink.net/a4369/armpit/pit-pix.htm

This one is for the truly devoted fetishist. That's right, just like the name suggests, it's a gallery of explicit photos of women's underarm hair, and very to the point with descriptions of photos before you get to see them. Sadly very few feature much besides the underarm hair. There were some topless chicks with underarm hair but that's not quite as exciting as getting to see the big bush with it's little tufty cousins.

The Under World
http://moon.web2000.net/~capn/

This one's just plain weird. There's naked women; there's some bondage, but we're not sure if it's photo-shopped or real. There's some really obnoxious hype, and a few interesting links. The scary thing is that it's such a well-organized and entertaining site that it might be worth checking out...only if they haven't put the poor bastard that did it in jail yet.

4F
http://www.keg.com/4f/home.html

If you want to see high-quality computer art with an adult slant, this is your site. Created by an artistic Dutchman, the art on this site is bad...bad-assed, that is! He has taken images from all around the Web and manipulated them. His specialty is in creating superheroines who look so sexy in their tight spandex costumes which he creates so convincingly. This artist is so creative that Macintosh and Adobe Photoshop should use this as a demo location. Definitely check this one out!

U.G.L.Y
http://www.4-1-1.com/ugly/ugly.htm

We didn't know where to put this one, so it ended up here. This one is strictly for the very bored and the very weird. That's right, it's all about ugly girls and, no, we couldn't figure out what the acronym stands for, but frankly at this point we really don't care. The sad thing is soon this guy's going to be getting more hits than the "Pamela's got spunk on her chin" page.

Private Eye
http://204.152.42.125/mainmenu.htm

An interesting amateur site that has all original shots and movies of amateur stuff. This guy is so proud of his home-grown collection of smut that he has translated it onto the Web. There's a nominal fee and you get to see girls named Goldeneye and Yellowtail (or something like that) parade their poon. There's movies, too!

Cruella
http://www.cruella.demon.co.uk/

Cruella is domination at its best. At the time of this review this had just become a pay site, but believe us, it is worth shelling out a few bucks for if fetishism is your thing. The site is full of fetish images from the magazines Cruella and Goddess, and they're both top-notch. The main thrust is sub-fetishes of the female domination world with focus on such fetishes as smoking, riding, male pets and others. Hopefully this site will prove profitable enough to enable them to buy more bandwidth because for now, the site is very slow. But be sure to stop here and take a look...or a lick.

Alex's
http://207.20.22.32/index.html

A pretty clean little site: only ten bucks gets you membership, and these kids claim they're never going to have those annoying take-forever-to-download ads, which is something to consider. But they've also got free samples and a "Teen of the Week" feature. All good stuff.

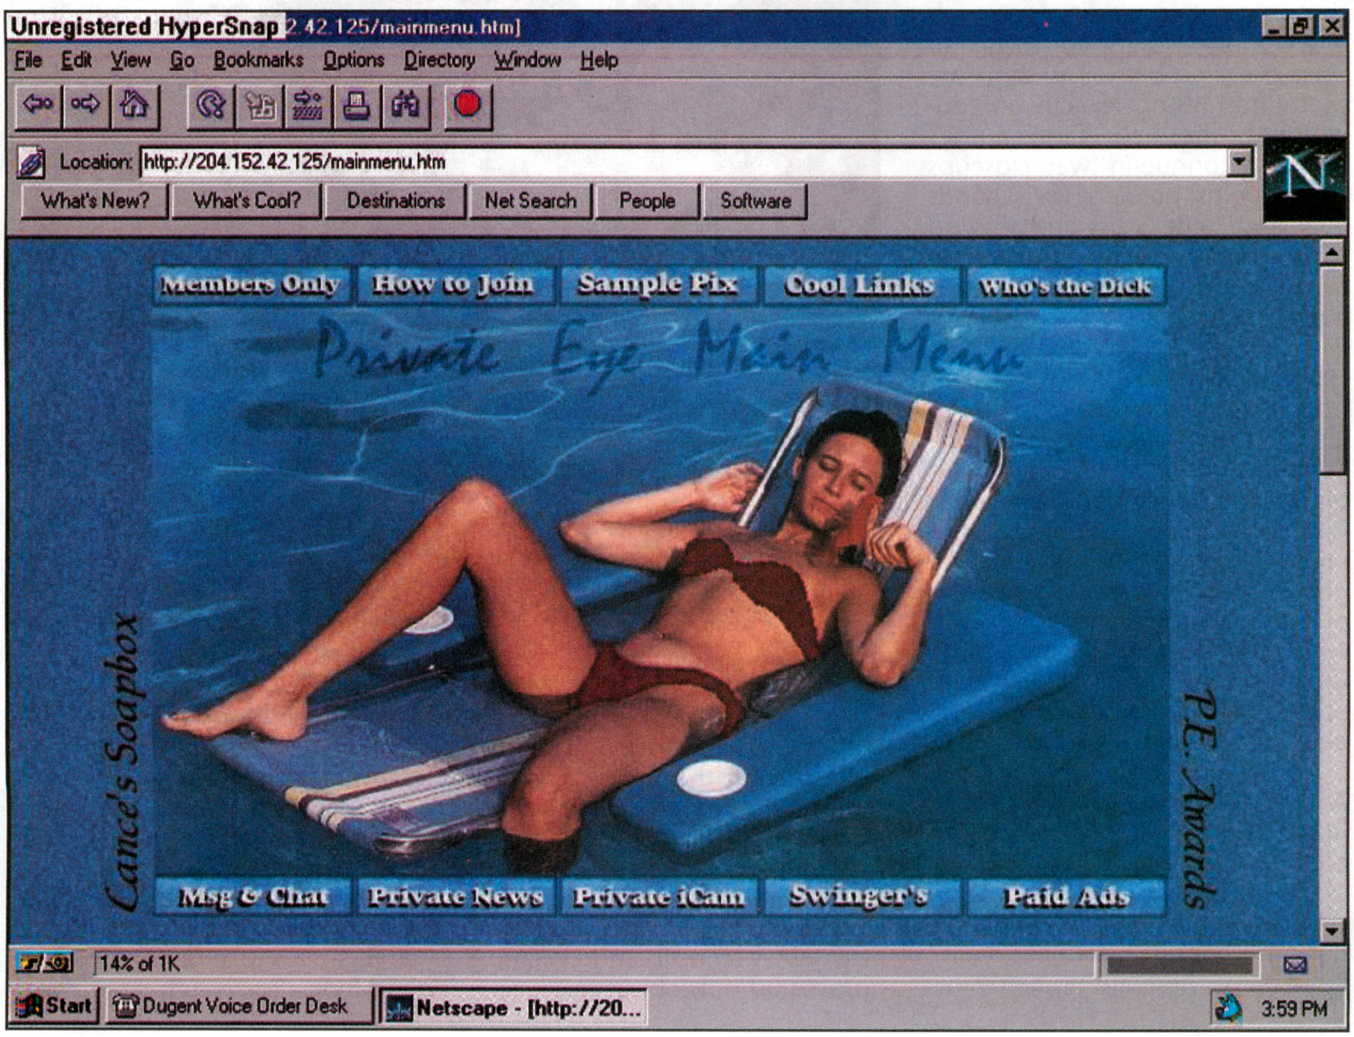

Erotica On-line
http://www.4slut.com

http://www.nastygirls.com

We've all heard of AOL (America On-Line). Now we've got EOL, which is becoming a big American corporation on the Web. You can reach EOL through a host of different url's and the number of ways to reach them just keeps increasing. In our opinion, the site is a little thin for its $14.95 price. It's primarily a review of a number of adult magazines, with links to a few other high-profile adult sites. We would hope that the content and size of this site improves to make it worth your while. For now, save your money.

PC Girls
http://www.connectusa.com/pcgirls/

This site is just chock-full of nudity, but there is still something to be desired. Another of the Adult Verification system sites, the cost for

this site is minimal. You pay $10 a year and this allows you access to other sites. The pictures on PC Girls are easy to access and download, and the way the site is laid out makes it really easy to maneuver, but the bandwidth is very limited. But access may be worth your time...if you have a lot of time, that is.

Girls Girls Girls on the Web
http://www.girlsgirlsgirls.com

This is a good all-around site featuring lots and lots of naked booty. The girls seem to be especially picked, full-breasted, healthy American girls from the heartland type. There are chat sessions, photo galleries and movie clips to download. You can even e-mail some of the models. And they're promising live dancing soon. They're affiliated with some strip clubs and you can use their location search to see if there's one near you. A decent site with good graphics.

GAY and LESBIAN

Sara's Lesbian Shrine
http://207.20.22.32/sara/saralez.htm

Just what the name sez, they claim to give you six new lezzie shots every two weeks along with a new movie, so it's worthwhile to keep checking back. The shots are pretty hot; it's not exactly an educational site, so fare ranges between tongue-in-twat closeups to two girls holding their hands over each other's tits and sticking their tongues at one another. Could work for you if you're really a dyke fan.

As the page says, "this is a site for those who feel that two women together is both beautiful and erotic. Sara's Lesbian Shrine has a lot of tongue-in-cheeks close-ups and more.

Lesbians R Us
http://www.lesbiansrus.com/

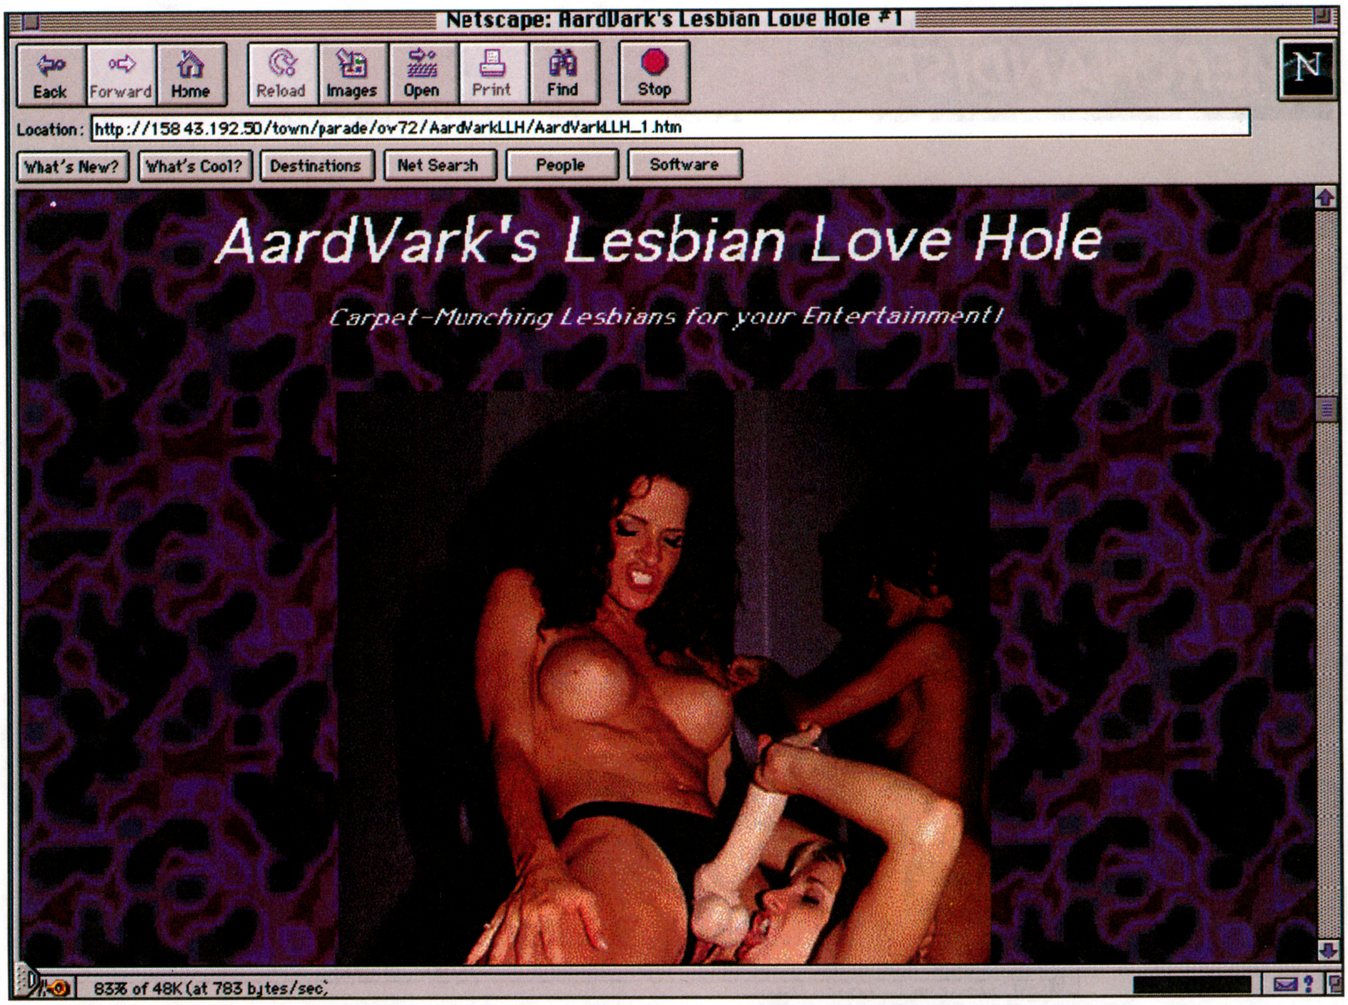

Well, we knew it was only a matter of time, didn't we? Actually this is a pretty damn good site with nice-sized photos of gals gleefully gumming each other's gams and other harder-to-reach places. A site with nice graphics and some thought put into it. If they keep updating the photos this one will be worth going back to.

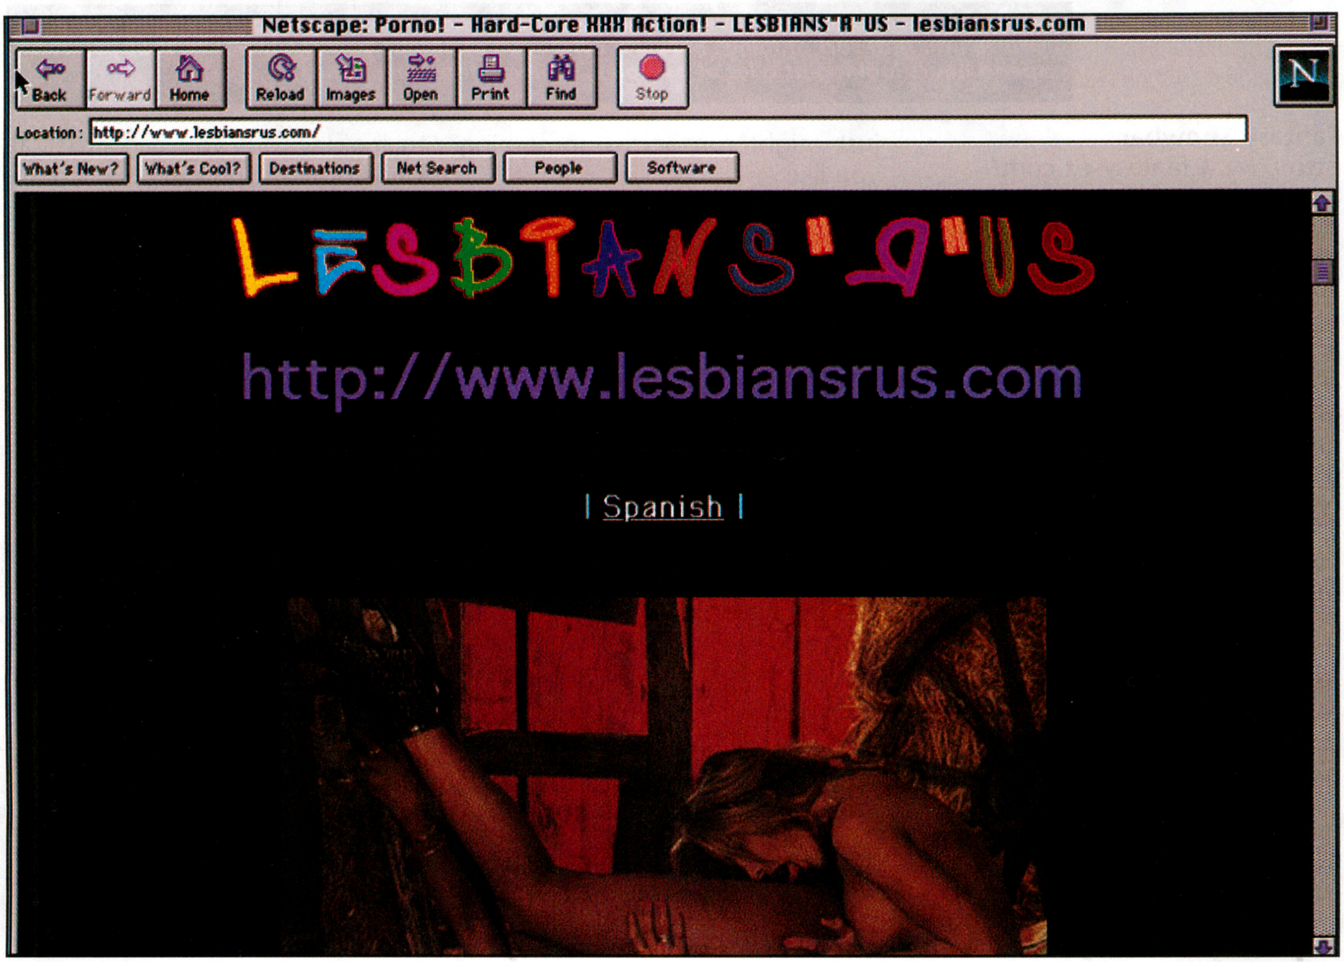

Aardvark's Lesbian Love Hole
http://158.43.192.50/town/parade/ow72/AardVarkLLH/

Aardvarks and lesbians? We don't get it. Tongue action? Huh? Regardless, there are no aardvarks here but plenty of lesbians in some really nice-quality stuff. Why is it that lesbian stuff is some of the best stuff on the Web? Girls care more? Who knows. If you're into clam-to-clam glam this site could warrant a bookmark.

Hot Stuff
http://www.contrib.andrew.cmu.edu/usr/tj00/hot/lobby.html

A good site for gay males, well-organized with thumbnails right up front organized into several categories and even exact sizes of the shots you can download. The shots themselves are pretty boy stuff, but there is some action. This is classy stuff, so check it out if you're into the more buffed-out, good-lookin' gay stuff.

MERCHANDISE

EVN
http://www.evn.com/mofo.html

This is a one-stop shop for video of all sorts, but pay particular attention to some of the original EVN vids that are salted into the mix. These treasures are only to be found here and are not sold in any store. No salesman will call! As seen only on the Web! Get all five volumes of "Anal Candy" in one place. What more can one ask for?

All of the hard-to-come-by EVN classics are here...and they all have to do with butt sex. If you're into that sort of thing, here's a catalogue of videos you can order so that you can spend hours looking at a lot of assholes...doing interesting things.

Fantasy Showbar
http://www.fantasysex.com/

This is the best deal in New Jersey—a strip club that has a great Website with some of their cutie coochie and lets you buy panties and other stuff right on the Web and gives you a coupon for free admission and a free buffet if you're ever in New Jersey. This in itself is a good (if not the only) reason to visit New Jersey, so check it out.

Love Shack
http://www.loveshack.com/

Some great photos and some great stuff available right on the Net. A catalog of cool and hot clothing or the few thin strips of cloth that pass for clothing that you can purchase right off the Web. Because the site is well-illustrated it is worth checking out, even if you're not in market for anything in particular. Hey, you just might run across something you like.

Sensuous You
http://www.dynamo.com/sensuous/gifts.html

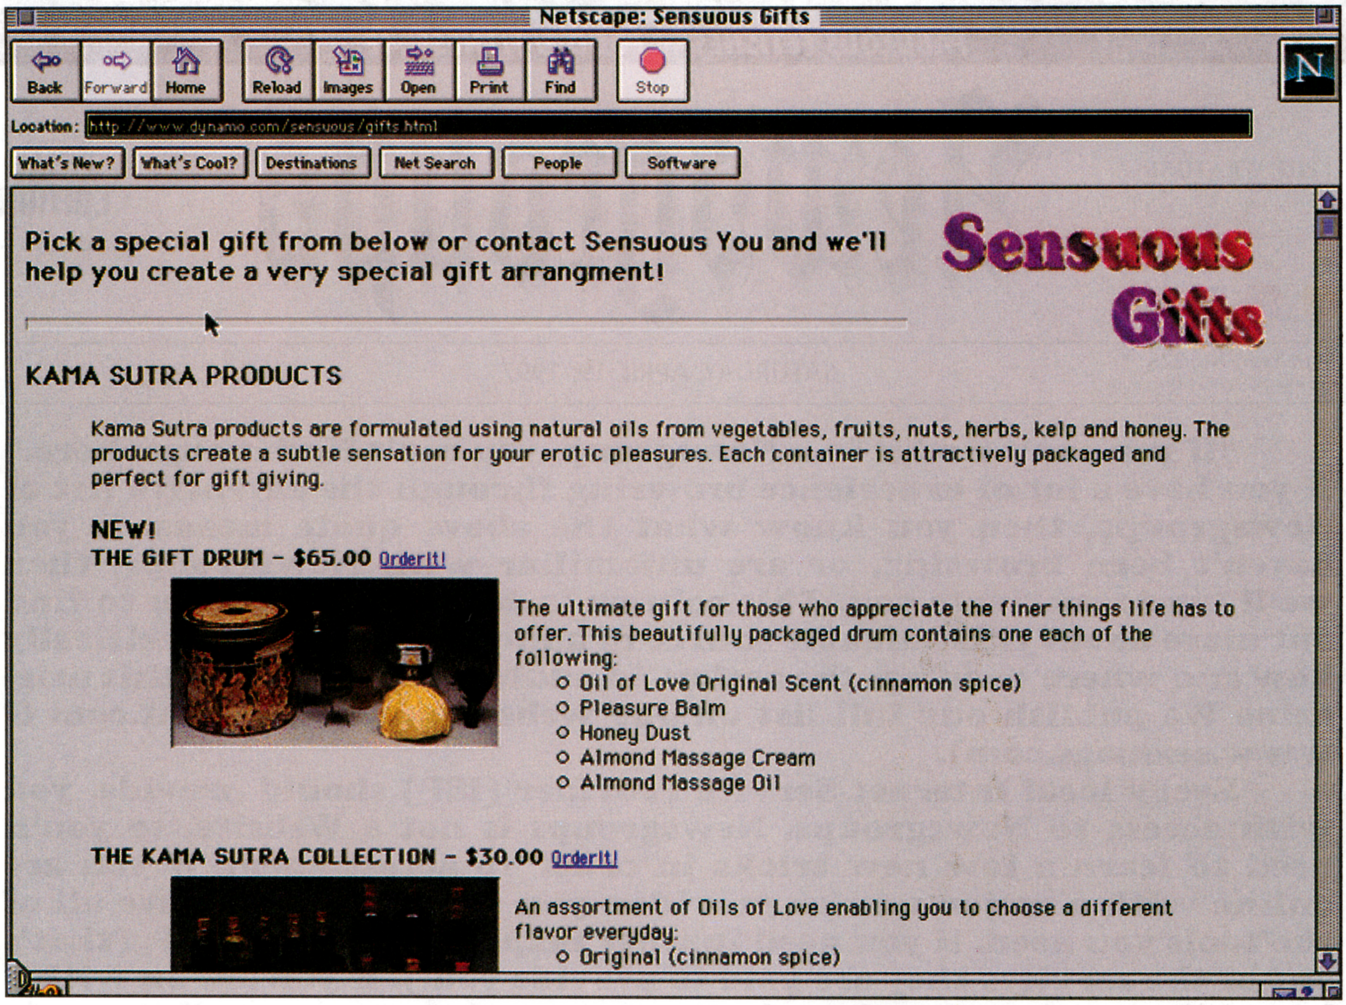

A wide range of stuff. A virtual extravaganza of material—anything you could possibly want to either stick inside yourself or your mate is here to be had and delivered. This could almost be considered an educational site because it's guaranteed that some of the stuff these people are selling you've never seen or heard of before. Yes, it's that interesting, and we're told that the prices are reasonable, too.

A6 Interactive
http://www.a6.com/

If you've never heard of this hot Japanese CD-ROM company, listen up! A6 is a definition of quality. The Website is simple and doesn't have anything really naughty to look at, but you can order all kinds of adult products which are very professionally presented. They also offer sneak previews and hot links to other adult sites. So if you like beautiful Japanese women and quality CD-ROMs, then be sure to surf on down to A6.

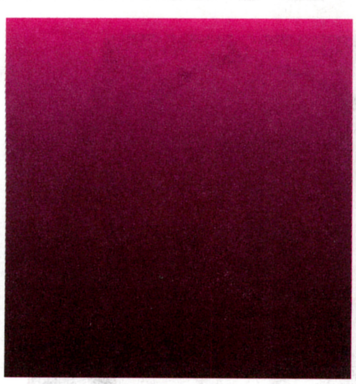

Club Voyeur
http://www.paleface.com/midnight/cvmain.html

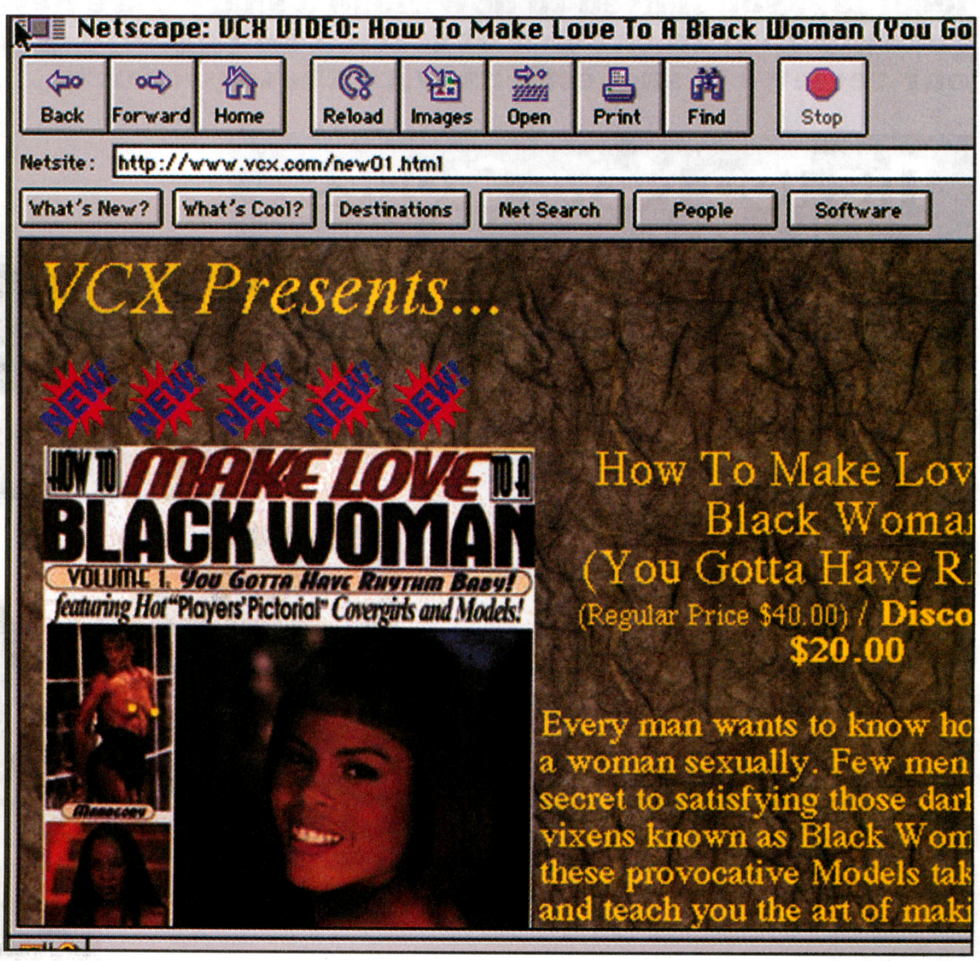

A very interesting premise: a site organized like a sex club on the beach, with picture galleries and other fine experiences to be had around the pool. There are stranger delights once you get passed the breezy beach stuff, which will thrill some and scare others. It's almost a fetish site in that it sometimes offers candid movies of women visiting the bathrooms at Club Voyeur. Check it out...this is a holiday worth taking at least once.

VCX
http://www.vcx.com

These guys are the original poon vendors. We're talking '70s blue here, kids. If you're out in the sticks and need to find out how porn got started, this is the site for you. These guys have the original "Taboo" series, practically everything Georgina Spelvin has done and lots of stuff with John Holmes. Plus they have a couple of new releases worth checking out. A great site for one- stop classic shopping.

alt.sex.enemas-
Not a true picture "binaries" group, alt.sex.enemas is pretty active, (it figures) nonetheless. Enema fans will certainly find something to remedy their constipation here.

Both men and women are active participants in this group. We can't figure out the appeal, but...

alt.sex.homosexual-
Plenty of shots from all kinds of beefcake mags, with all different levels of hardcore. This site will satisfy your appetite if you are hungry for men.

Buff bodies baring all for those who care.

SPOTLIGHT ON...

If you're going to be spending money on BBS sites, you want, primarily, two things: Access to a site which caters specifically to your personal tastes-whatever they may be, and second, a lot of material for you to access for your hard-earned money.

As any of us who have become BBS addicts know, (and more about that, later), these BBS sites range all the way from amateur to professional and from sparse to over-abundant as far as the amount of material they offer. Following is a site, in the straight sex areas that we feel gives you an abundant amount of GIF's, movies, stories, conferences, etc.

Bits and Bytes
BBS: (909)356-4636
Sysop: Allen Porter
Connect: 1200-19,200 Baud
Software: PCBoard
Address: P O Box 3932, Fontana CA 92334
Bits and Bytes is a good all-around file board with 45,000 shareware programs and 24,000 adult GIFs, movies and stories. The board also carries more than 700 networked conferences, including adult conferences from Throbnet and GonzoNet. Adult files are will organized, with separate categories for specific subjects (nude women, threesomes, bondage and so on) and high-resolution images. The sysop has been adding new adult files at the rate of about 200 per week. Most of the GIFs are high-quality scans from other well known boards, such as the McHenry BBS, Nitelog and The Gift Shop. A GIF collage builder lets you preview images to determine which of those GIFs you want to add to your collection. The Bits and Bytes file library also includes about 400 animation files and more than 900 erotic stories.

How To Access:
After answering an online questionnaire you get a complimentary 7-day trial membership that gives you 40 minutes each day to browse file directories, play online games and read messages in more than 600 conferences. You can browse the adult file directories but you cannot download without subscribing. To subscribe online with a credit card, type SCRIBE at the main menu prompt. Orders are processed within 24 hours. To receive access to adult files, you must send in a photocopy of your driver's license. All membership plans allow you to be online for up to 6 hours per call. You may download up to 16MB each time you call. Access to adult files and conferences requires an additional fee of $20.00. The regular access fee is $20 for a total time of 122 hours, Total D-L, 120 MB for 2 months. There are other rates, up to $75 for 1095 hours with unlimited downloads for 12 months.

And More...
From the book "Erotic Connections" (The Waite Group) which they excerpted from OhioSandy's BBS Addiction Warning Signs on Odyssey:

- Do you cancel important appointments (such as your wedding) because it would conflict with your online time?
- Do you find it hard to relax without the soft whir of your computer fan humming reassuringly in the background?
- Do you look forward to your e-mail more than your regular mail?
- Is your sex online better than your sex offline?
- Has your typing improved greatly in the past few months?
- Do you go home at lunch time just to check your e-mail?
- Do you have an anxiety attack if someone else needs to use the computer?
- When at work, instead of calling a meeting, do you ask "Wanna go private?"
- In desperation, has your mate devised acrobatic ways of making love to you while you're online?
- Do you have a sticker in your window telling the fire department the location of your computer?

Interview With Jenna Jameson:

PUSSY PERFECT

By Gary Sage

Jenna Jameson is innocence personified: her sweet smile could literally light up a room. It's no wonder she has become one of the adult film industry's favorite stars, as well as one of porn's most familiar names and faces in the "straight" world (thanks in part to her biggest fan and admirer, shock jock Howard Stern). No, they are not romantically linked, as some would have you believe, (at least this is what Jenna tells us), but it is quite possible that Howard has a bit of a crush on this blue-eyed, buxom beauty.

Jenna's easy charm and quick smile make her as irresistible as the girl-next-door, which is why the many videos featuring her—awesome sexual performances-where she gets sweaty and low with the filthiest fuckers in porn—sell as well as they do.

Jenna's schedule is so erratic-between her doing movies and dancing on the road-that it's a miracle we were able to convince her to sit down with us for a half hour to chat with us about her life in fuck films.

Adult PC Guide: Tell us a little about your background—where you were born and grew up.

JJ: I grew up in Las Vegas, which is a pretty crazy town, but it was all right growing up there. I guess I had a pretty normal childhood-nothing too weird or anything. My mom died when I was really young so I never really knew her, which is sad, but I think I still did okay. My dad was a cop and we're really close. I have one brother and no sisters. We get along pretty well.

APCG: What was school like?

JJ: I loved high school! I've never had so much fun. I got picked to be a cheerleader, and I had these huge tits for my age so it was, like, every guy in school was after me. But I didn't date any of the guys from my school 'cause I didn't want to become known around school as a slut. I mean, I loved sex even then, but I didn't want it to affect my school work, so I dated guys from other schools.

APCG: How old were you when you lost your virginity, and how did it happen?

JJ: I was young, but not too young. I wanted to experiment and I just couldn't wait to try sex. I guess I was a horny girl. Anyway, my boyfriend and I ended up doing it in his car one night in Las Vegas. It was good but it wasn't great. I've had a lot better sex since then.

APCG: What were you doing before you got into the adult film industry?

JJ: I didn't really have any other jobs. I mean, I started stripping when I was 18. I just kind of figured that I liked to dance and it was good money. It sure beat working at McDonald's! I ended up stripping at this great club in Vegas called the Crazy Horse 2, and I loved it. Everybody there was so nice. The girls were great and I got to meet a lot of the girls in the adult business so they kind of told me all about it. From dancing there I started doing some modeling for men's magazines, and I had to go to Los Angeles for that, which brought me closer to the industry. I was always curious about it, 'cause I was so into sex, you know?

APCG: How did you end up getting into the business?

JJ: Well, actually, I got into it two times. It's weird. I came to Los Angeles and did a couple of movies-some amateur stuff. I had this boyfriend in Vegas at the time and he was okay with the stripping but going into the movies was, like, a problem. So I quit. They wanted me to do more movies. I got lots of offers for more work but I turned them all down 'cause I was with this guy who was controlling my life and I thought I loved him. I guess maybe I did. I don't know. But we broke up. So after a year of just dancing and getting my life in order after we broke up, I came back to Los Angeles and got back into the business. It seemed like the right thing to do; the right place for me to go with my career. I was sick of doing the modeling 'cause they were always asking for a different "look." You can only be photographed so many times before they say, "Enough!" One day I ended up going to a movie set with a friend of mine who was doing makeup on the movie, and the director saw me and went, "I want to shoot you!" And that was it.

APCG: What was it like being on the set for the first time?

JJ: It was cool. I was always really sexual, and I didn't always meet people who were as openly sexual as I was, so it was pretty cool to be in a place where there are all of these people and they're treating sex like it's normal-you know, just something that people do.

APCG: Who did you do your first scene with?

JJ: I did a girl/girl scene with Felecia for Randy West. She is so pretty. It was great to work with her. But everything was very professional. I wasn't nervous because of the modeling I had done, but it was kind of cool to finally "do it" and not just pretend to, in front of the camera.

APCG: Would you say you're bisexual? Do you date girls?

JJ: I'm definitely bisexual. My very first sexual experience was with my best girlfriend when I was a teen. We used to sleep over a lot at each other's houses—and we would share the bed-we had this huge bed with really big, soft pillows. We were always talking about boys and what we would do with boys and what we wouldn't do and all that. And we had never kissed a boy before, so we decided to practice kissing each other so that we would know what to do when we really had to kiss boys. And things just kind of went from there. But I don't think I "date" girls. I have sex with girls in my personal life. I really like having sex with girls. I think it's great that you can, like, go shopping for bras and then go home and fuck. I think it's great.

APCG: Would you consider yourself a tease? Or kinky?

JJ: I guess I'm a tease. Sure, why not? I like to flirt. I like everything to do with sex. Pretty much everything I guess. And I don't think I'm kinky. A lot people think that just because I'm in the industry that I must be some sort of sex freak—that I'm into all kinds of weird sex and stuff. That's not true. I just like sex. I don't think there's anything wrong with that. I think there's something wrong with you if you're not into sex. I mean, come on, who wouldn't be into sex?

APCG: Is there anything that you've done in your personal life that you haven't done on camera, and if so, why not?

JJ: Well, so far I haven't done any anal sex on camera. I've done it in my personal life and I kind of like it. I haven't decided yet about doing it on camera, so that could all change (wink, wink.)

APCG: Is there something you would never consider doing in front of the cameras?

JJ: Gang-bangs. And that's not just on camera. I don't do gang-bangs in my personal life. I don't get anything out of them. It's hard enough to concentrate when there are two guys to have sex with, let alone 50. I don't think it's ever going to happen. I just don't find it erotic.

APCG: Is there something you're looking forward to doing in the business?

JJ: I think eventually I want to write and direct. I write stuff for magazines and for my fan club and stuff like that. I really want to try getting behind the camera but I wouldn't give up acting in front of the camera yet. I love it too much.

APCG: Do you have a male or

If you want to write to Jenna via snail mail, her fan club address is: Jenna Jameson Fan Club, 9800D Topanga Canyon, #343, Chatsworth, CA 91311.

female "type" that you're attracted to?

JJ: Sure. I mean not physically. It's not that I would go for just any guy, but the physical isn't as important as the personality. I like people who are strong, confident and funny. You have to have a sense of humor if you want to sleep with me.

APCG: Would you say that you're passive or aggressive sexually?

JJ: I'm definitely passive. I love it when someone else takes control. It really turns me on. It's not that I'm into being dominated. I just like someone who's confident in what they want and takes charge in order to get it. I'm always going to get off on that. It's sooo sexy.

APCG: How do you let a man/woman know you're interested in them?

JJ: In subtle ways, I guess. I don't just blurt it out or anything. I might try smiling, or a sly glance. If I were really interested, I might flirt a bit. I think a glance or a smile can say a lot. You just have to be able to interpret it correctly.

APCG: Do you take any of your co-workers home from the set with you?

JJ: Actually, yeah. I've done it a couple of times now. One time I did a really hot scene with a new girl who was just getting into the business and we had so much fun that we ended up continuing the scene at home. It got even better when we were alone. It's not always like that. It's not like I take everybody home with me. Sometimes it's just work and you get along with everybody and that's fine. But sometimes something clicks. I take girls home more often than guys, I think, but right now I'm dating a writer/director I met on set, so I guess anything can happen.

APCG: You say you're a horny person. How often do you have sex, or how often to you masturbate?

JJ: As often as possible! I really love sex. I don't think there's anything wrong with that, or with sex. It's not bad for you. You won't go blind from doing it too much, so who wouldn't want to have sex all the time? I masturbate a lot, too. Every chance I get! I'm always ready for more. Does that sound like a horny person? Maybe I'm addicted to sex!

APCG: Do you have a favorite position, or one that's sure to make you come?

JJ: I don't know. I don't think I have a favorite position. They're all so good. It's hard to choose. I really like doggy-style, but I also really like cowgirl. I don't know. Do you think it matters? Oh, I also like scissors. That one's a lot of fun. They're all good. I mean, they're all sex, right?

APCG: Do you consider yourself an actress of a sexual performer?

JJ: I think I'm both. It's hard to separate the two for me. I really get into the sex, and I love to act. Sometimes I feel like I'm acting all the time.

APCG: What's the best thing that has happened to you in the adult business?

JJ: Meeting all these people! I have so many fans, and getting to meet people like Howard Stern, who's really cool. Maybe meeting people who think about sex the way that I do. It's hard to find people who can be as open about their sexuality. Everybody likes sex, but not everybody admits how much they like it. I think there's a lot of brave people who have faced up to it and I'm glad I could be around them.

APCG: What's the worst thing about the world of porn?

JJ: Working with Jonathan Morgan. I don't know why, but he totally creeped me out on the set. Ugh!

APCG: What are your future

goals?

JJ: Well, like I said, I want to write more, maybe direct and perhaps even produce. I do a lot of other things. I do make-up so maybe I'll get back into that for a bit. I'm not too sure. I love the business and I want to be around for a long while, so I'll do what I enjoy doing in the business. Outside of that I think I want a family, kids someday, that sort of thing. I think that will probably wait a bit, but I do want to have a good family eventually.

APCG: Do you use computers a lot?

JJ: Well, I have two I do all of my fan club business stuff on-an IBM and then I have a Mac that I play around on and do some art stuff. I'm still learning computers. I'm not really like a programmer or anything. But I like working with computers. They're cool. It's amazing what you can do.

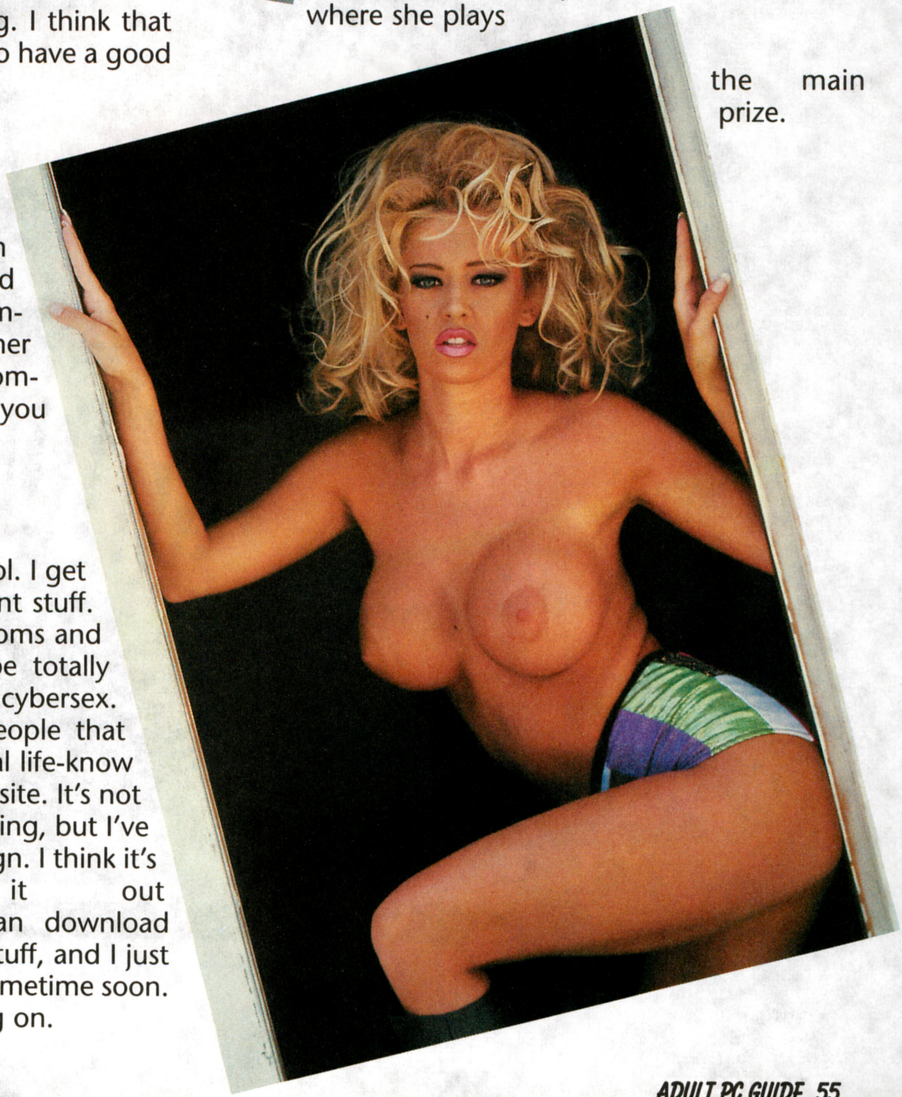

APCG: Have you ever surfed the Net?

JJ: Sure, I love to Net surf. It's pretty cool. I get to check out a lot of weird and different stuff. Plus I sometimes log on to the chat rooms and you can log on as anybody. I can be totally anonymous. That's what's great about cybersex. You can explore things with other people that maybe I'm not really ready to do in real life-know what I mean? I even have my own Website. It's not like I actually built the Website or anything, but I've seen it and I helped them with the design. I think it's pretty cool. Check it out (http://www.wickedweb.com). You can download pictures of me and cool software and stuff, and I just might be doing a special appearance sometime soon. So keep checking it to see what's going on.

APCG: What was it like doing your first CD-ROM? (See sidebar).

JJ: The only CD-ROM I've done is called "Sex with Jenna" and it was pretty cool. It was totally different from working on a movie. I got to work with my boyfriend because he doesn't have to be on camera, and there's not the same pressure as when you're making a movie. You don't have to be in such a rush to get it all done, change costumes, do it again. And the crew was really small and intimate. It was really cool. I loved it and I'll probably do it again if they ask me. All the guys at Digital Playground are really cool.

"Sex with Jenna" is a working title, so by the time you read this it just might be called something else, so keep your eyes peeled for a Digital Playground CD staring Jenna Jameson. You should have no trouble spotting it. And, of course, don't forget to catch Jenna in her numerous appearances in Wicked Picture's titles -most notably "Conquest," where she plays the main prize.

The Making of Jenna

There's no doubt about it: she's the hottest star in adult films today. That in itself should tell you who we're talking about. And what we're about to tell you may be the biggest thing to happen to her since she entered the biz.

Oh yeah? What could be bigger than starring in the most expensive adult film of all time? What could be bigger than winning all three major starlet awards from all three of the voting organizations in the adult video industry (which happened to her earlier this year)?

In case you're still wondering, we're talking about Jenna Jameson. And what we're talking about is "Sex With Jenna."

Digital Playground, the industry's leader in interactive entertainment, the guys who brought you the award-winning "Virtual Sex Shoot" and the much-lauded "Fantascenes" series, have made an exclusive agreement with Wicked Pictures, owners of Jenna's public image, to make and release the first-and thus far only-interactive CD-ROM, starring Jenna Jameson.

As you might imagine, this baby is going to be huge, so the kids at Digital Playground have put together a special team of programmers who are building an exclusive interactive engine, guaranteed to make this the most thrilling sex-ride ever on CD-ROM. The entire project is very hush-hush and will remain so until close to release when the manufacturers will virtually explode with advertising all over the adult industry. Adult PC Guide, however, has managed to get a sneak peek at what the Digital gurus plan to do with this virtual-Jenna.

The idea is stunningly simple, yet brilliant: these guys want you to experience what it might actually be like to have sex with Jenna. A little ambitious? Perhaps. But if anybody can pull this off, Digital Playground can. The disk is going to be a one-on-one experience with the starlet herself. (The interface will be invisible). Jenna will greet you and welcome you into her bed. From that point on, you have control.

The most amazing element of the interactive experience will be the fact that Jenna will have different personalities for you to choose from. You'll have a choice between Jenna the innocent—getting fucked for the first time—and Jenna the veritable slut—fucking you! Different footage was shot to keep the personalities separate. In addition, the disk will feature an improved version of the already perfect "Fantasave" feature that allows you to save your favorite sections as you edit them.

Of course, the interactive experience will offer you a choice of perspectives, essentially creating a "mirror" effect so that no matter what position you and Jenna find yourselves in, you're always going to have the most strategic and erotic view. If you're at all familiar with any of Digital Playground's work you know you can depend on them for hot, exciting and innovative action.

"Sex with Jenna" is just the beginning in a new series of "Sex with..." CD-ROMs that the guys at Digital Playground plan to do. They wanted to kick this new innovation off with a bang and it looks like this will be the big one. Look for other starlets to follow Jenna's lead into your computers and your hearts. Look for "Sex with Jenna" to be in computer stores sometime this spring.

Want to play poker with several hot women? Then you definitely want to check this CD out. If you're not interested in poker, then there's little here for you.

A Shot in the Pink

If you were ever a fan of the famous movie characters Inspector Clouseau and the Pink Panther, or if you like hot, hard-core sex videos with a touch of humor, this is a must-see CD for you. This video on CD-ROM offers an abundance of close-up action, plenty of cum shots and some real hot group sex. There is also a feature we hadn't encountered on CD-ROM before: a picture-within-a-picture scene. The last sequence shows an overall view of a wild group orgy and the picture within allows you to follow all of the individual action going on within the group. Looking at the small screen inside of the big picture reminds us of the tiny images CD's used to call video. Thank goodness it isn't 1992 anymore! We offer a big thumbs-up to the crew at Romsoft for this one!

Beautiful Beautiful Nudes-Vol. 1

Beautiful Beautiful Nudes deserves the double use of the word "beautiful." The ladies in this CD-ROM magazine are, in a word, FINE. Many of the women you see here are the same ones (in the same shots) that you can see in the back of adult magazines in phone sex ads (1-800-DUH-FUCK). But don't let that stop you from buying this CD because there's live video action, too. BBW keeps it simple with still shots and hot video action. The CD gives you more than just entertainment: you can even make your own screen saver from the video by picking all of your favorite shots of a specific girl. But don't be surprised if your computer gets real, real hot when you put one of these gals on your screen saver!

If you like some good laughs as well as extreme close-ups of hot sex action, then you need look no further than Romsoft's A Shot in the Pink.

If truly beautiful babes are what you're looking for, then you need look no further than Beautiful Beautiful Nudes.

Sirens of the Pleasure Dome

When Virtual Valerie came knocking, Virtual Victor answered the door-and kicked her butt. Virtual Victor, from Cyberboy Studios guru, Nelson Chu, is about as graphically advanced as anything on the market. The interactive game is a combination of soft-core (simulated) porn and an adult cartoon feature and there is plenty of entertaining action. Virtual Victor must satisfy three different cyber-whores and then take on the female Overseer, who might never be satisfied. If you had fun with Virtual Valerie, be sure to consider Sirens of the Pleasure Dome.

Internal Affairs

Porn superstar Ashlyn Gere makes this CD smoke! By using their traditional interface for video CD's, Vivid is able to present you with the full-length version of the movie Internal Affairs, either uninterrupted or in parts. The video clips are excellent and the interface is spectacular due to Vivid's technical know-how. The way to decide if this CD is for you to ask yourself the question: do you like watching videos of extremely beautiful ladies getting fucked? We think we know what your answer will be.

This is Victor, who must satisfy the cyber-whores in Sirens of the Pleasure Dome, but doing so only leads to more challenges for him.

As a police psychologist, Ashlyn Gere's job is to make sure that the male cops are all "hard at work."

CAPT:Club Caterina

Vivid Video has done it again with Club Caterina. The CD-ROM is billed as "virtual reality for members only." Although no one actually jumps out of your monitor and into your bedroom—yet—Vivid seems as if they are certainly getting closer to that actually happening. The videos in this game are full-length and the images are very clear-good enough to enable you to see the close-ups without squinting. Vivid has used a different interface for this CD/video to keep things fresh but still very efficient- qualities which we have come to expect from Vivid. Although the panic button isn't as fast as it used to be, if you pick your CD-ROMs by the speed of that button, you're probably missing the point of adult CD-ROMs anyway.

Miss Nude World-Vol. 1

If you drove a Porsche, would you use the cheapest unleaded gasoline? We thought not. So, we ask, why would Z Master Productions use an antiquated interface for displaying high-quality images? The shots from the Miss Nude World contest are numerous, sexy and are obviously professionally photographed, but why are they unnecessarily repeated in three different formats? The CPIC graphics toolbox is billed as "the most powerful graphics toolbox," but we've seen quicker and cleaner interfaces available for free on the Web. We hope the guys at Z Master keep up their interesting content, but they definitely need to rethink the quality of their images.

Club Catarina is the kind of place where you can pick up chicks, keep your tab low and never, ever have a hangover the next morning!!

If you like hot stripper competitions, the images from the Miss Nude World contest should grab your attention.

Circus

This is one circus not for children of all ages: it's definitely adult. First there's Pimpy the clown and his showgirls. These gals are what make this CD game fun. More like a carnival than a circus, the goal is to win tickets which can then be exchanged for sexual favors with the ladies, and there are quite a number of explicit scenes to enjoy with your tickets. The game aspect of this CD became rather strenuous and boring, so if what you are looking for is simply a lot of hard-core sex, then look elsewhere. But if you're the type who enjoys fun and games with your action, then join this Circus.

FantaScenes-Vol. 1

You can sum up this CD-ROM in one word: hot! FantaScenes is another example of manufacturers using technology to enhance our enjoyment. FantaScenes has built four different sets, each shot for CD-ROM only and then filmed simultaneously from different camera angles so that you watch the expressions on the participants' faces as well as the penetration from another angle. The ladies are all hot and the video quality is excellent. You can also record you own movie using clips from the various parts of each film and then trade your film with others who also own the CD. Check Digital's Website for more information. Keep it up, Digital Playground...and we'll definitely do the same!

If you want to get tickets fast, then head straight to the cum-shoot gallery, where by coming on the ladies, you can get everything you want.

FantaScenes is about as hot as any video transfer to ever appear on our monitor. Don't miss it on yours!

Trouble Maker

If, as the title suggests, these girls are "trouble-makers," then bring on the trouble! Celeste, Tammi and Asia prove that there is no such thing as monogamy in their vocabularies. And if all women were as hot and horny as these three, nobody would be monogamous! The CD-ROM is based around three women who are having problems with their relationships and thanks to some friends, they soon forget their problems and start having sex, sex, sex! The CD-ROM's video is high-quality and is filled with hot orgy action. If you have experienced the Vivid format for CD-ROMs before, this is as easy to interact with as any of them, and still has the fastest panic button anywhere. Keep your eyes on the lookout for this title.

Luscious Ladies in Lingerie

The packaging on this CD-ROM is nice but that's about the only positive thing we can say about this one. Luscious Ladies consists of a few video clips and single shots of over 50 different models. If you like the girl-next-door look and a hodge-podge, amateur-like presentation, then you might like this one. Otherwise, you are going to feel ripped-off. Another frustrating thing about this CD-ROM is the fact that the girls who are featured in video clips aren't identified in any way, so you have to flounder around in hopes of finding your favorite model in the video. Oh, by the way, Romsoft should select more upbeat music: this music sounds kind of like the Musak you hear at the doctor's office.

If there were more trouble-makers like these, then the world would soon be in a full-blown anarchy!

There are some Luscious Ladies here, but it's hardly worth the effort and the cost to see them unless you're into amateur stuff.

Torrid Tales.

Another success from Vivid, Torrid Tales is comprised of three short stories (all use the same commendable interface that has brought Vivid praise). The videos are extremely hot and the three girls in the one tale, The Gift, are hot enough to resurrect the dead...and they aren't the only scorchers on this CD. The shots are all good, the video quality is excellent and the scenes are very stimulating, which make this a CD worth adding to your collection.

Elite American Models-Vol. 1

Ho-hum. Sorry, we almost fell asleep checking out this one. The two dozen girls on this CD-ROM are attractive, but that's about the only positive thing we can say about it. Actually it has a pretty quick "hide button" too, but if that's what you buy CD-ROM's for then you should have your IQ checked. This is last year's product—and it shows—with an offering of a paltry 246 images! Today you get hundreds more for the same price. The photos are high-quality and the poses are interesting, but they are saved in GIF format, which leaves some images looking blotchy. We can't fault photographer Jean Rougeron for the poor quality; the fault lies with Digital Playground who, hopefully, will produce better quality work in the future (like their FantaScenes) and not junk like this bad-quality, badly produced collection of old material.

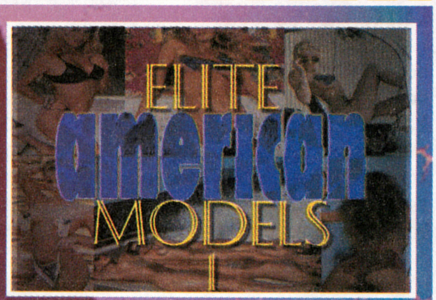

The scenes in Torrid Tales are so hot they're apt burn a permanent image into your monitor-or at least into your memory!

This CD has hot girls in interesting poses and might leave you wanting more if the quality and quantity weren't lacking.

Captured Elegance

Captured Elegance doesn't have enough to it to capture our interest. The shots are good and the girls are sexy, and thanks to Kodak's Photo CD, the interface is clean and easy, but what is missing is content. There are barely more than 100 images here. As just one part of Romsoft's latest six pack of CD-ROMs, Captured Elegance has some nice stuff in it, but it really is an awfully skinny offering. If it were offered as a single production, it would really be a gyp for the poor buyer.

Busty Babes- '97

Attention all fans of big boobs: set your sights on this one. The guys at Z Master have a hot CD-ROM here. If you like hard-core pics showing every nook and cranny on a bunch of heavenly hootered honeys, then this one is well worth looking at. Although the total number of shots is limited, the organization is good, and the subdivided categories, combined with the pre-thumbnail pages, make this a much better disk than many others on the market. One negative note: the guys at Z Master are still using CPIC graphics, which is just not as good as others presently on the market. On the positive side, be sure to check out the immediate links onto the Web that this CD Provides and surf your way to happiness!

The one thing missing from Captured Elegance is quantity. There's hardly enough here to bother down-loading.

For fans of Busty Babes, this one's for you, and it's also as nasty as can be!

Michael Ninn: Perfect Porno

by Gary Sage

The world of adult films is often an insular, separate reality that bears little resemblance to the world which everyday people occupy. Sometimes this unique world takes the form of the absurd—for instance, there is the cliched scenario of the pizza delivery man getting paid with pussy instead of cash.

But sometimes a plot takes the form of an inspired fantasy; a wet daydream that is woven out of the depths of someone's sexual imagination. These frank, erotic images sometimes emerge from the sheltered world of porn to actually be given notice in the "real" world of entertainment.

The films of Michael Ninn take this form. His works are few in a field where, after just a few short years, most porn directors have made more films than their counterparts in the 'straight' world direct in a lifetime.

From the top: Two scenes from VCA/Ninn's "Sex 2:Fate," and a later film, the bizarre-but-successful "Latex 2: Shock."

Michael Ninn has only five films to his credit: "Black Orchid," "Sex," "Sex 2: Fate," "Latex" and "Latex 2: Shock." However, these few films have earned him more awards than almost any director in the history of adult film. They have also earned him more recognition and a higher reputation, as well as their having sold a lot of copies for the company that produces them—VCA.

How did a kid who grew up in a home for boys from birth to the age of 15 and who never finished high school manage to accomplish all of this?

A hard man to get a hold of, Michael Ninn keeps out of the limelight and prefers to shy away from even the most modest of publicity. Happily, he spoke candidly with Adult PC Guide for this exclusive profile.

Michael Ninn says he got into the adult industry quite by accident. He had been living and working in Phoenix at one of the television network affiliates and was quite content until his life fell apart. A messy divorce inspired a mid-life crisis that eventually took him to Los Angeles. He arrived penniless and totally without direction. Ninn ended up having to sleep in the editing bay of a friend in town.

It just so happened that some of the material going through that editing bay was for adult films. Ninn had never really seen an adult film up to that point, and says he was surprised that the stuff was so bad. He subsequently started editing for Western Visuals and impressed the owners enough that they allowed him to direct his first adult film, "Black Orchid." The film was so strange that the owners of Western Visuals had no idea of what to do with it. They vowed they weren't going to let Ninn do another film. But they went ahead and released it and, much to their surprise, the film did very well.

By this time, however, Ninn was well on his way elsewhere. He eventually ended up at VCA, where he has been ever since. He says he has a great working relationship with the people there and gets a lot of support from the company and its president, Rush Hampshire.

Ninn has a different approach to doing adult films: "I make my own reality and invite the viewers in," he explains, and that reality may be whatever is his fancy at the time. The film "Sex" was done "at a time when I was really into GUESS jeans ads" Ninn recalls, so it has a very high-fashion feel.

Ninn likes to come up with seven or eight of what he calls "hooks"—images that are central and evocative-and then he puts a film together around these hooks. Often these gimmicks are limited to what the technology will allow him to do. In "Shock," one innovation was a black-and-white image being fucked by a color image. Another was of stone gargoyles coming to life to fuck someone. Both images are in this film and both are shining examples of what Ninn means by a hook.

Primarily, though, Ninn considers himself a storyteller—a professional filmmaker who is incidentally working in the adult field. He talks about "the time between the sex scenes" as being "my time to put my signature on the film as a director; when I get to put the most creativity into the movie and get the most personal satisfaction out of it" and the sex scenes are "the viewers time—probably what most viewers get out of the movie."

Ninn considers himself to be very lucky. Not every director in the adult industry has achieved the acclaim and also the financial rewards that Ninn has earned. Where many directors have to put out 12 or more movies a year, Ninn does very well with only four. His case is unique in the adult industry, yet he is still a workaholic, often spending 20-hour days working on his projects, doing what he enjoys.

Ninn is a perfectionist with a hands-on attitude. There is no aspect of production he doesn't become personally involved in, from the script to the design of the sets, to the casting, to picking the clothing for "every single person on camera," he says.

The actual shooting, though, is not his forte, he admits. "Sometimes I'll get absent-minded when we shoot, but I love to edit, that's my total fave. Everything has to be in harmony: the action has to go with the

music, the music with the picture, etc."

Ninn is the first to admit that this isn't easy and he's his own harshest critic. "When I look back at my stuff, it's always 'I can't believe I did that there' or 'How could I have not seen that?' he admits. "I'm always trying to be the best that I can be."

Ninn depends heavily on technology to get his particular style across. He has two Silicon Graphics Extremes: a 200mhz workstation megalith of a computer networked together—one at home and one at the office—so that he can work wherever and whenever he feels like it. He always keeps a trusty IBM Thinkpad by his side in case he suddenly needs to

make some notes—or even write a script.

Ninn says he doesn't spend a lot of time on the Net but he does try to answer all of his e-mail personally. You can e-mail him at "ninn@vcapix.com."

Surprisingly, as a director of more stylish, story-driven adult material, Ninn says he has no problem with the hard-edged, amateur stuff. "It's there because people want to see it, which is fine," he says. But if a couple wants to sit down and watch a good movie as well as an X-rated one, chances are they'll pick up a film by Michael Ninn.

Ninn is presently working on some new projects, including "New Wave Hookers 5."

"I'm bringing back the original stars of the series, Jack Baker and Jamie Gillis," Ninn reveals. "Jack Baker is dead so we're going to use some retroscope stuff like they did in Forest Gump and maybe have him show up on a moving television robot."

As for "Shock, the CD-ROM," Ninn says, "We're working on a totally cool new graphics package for it. I'm also working on a new line of girl/girl videos called "DIVA." It's a really stylish, high-fashion kind of thing." Ninn is also developing a CD-ROM in the girl/girl series to be called "Digital Dolls." "It's a dress-up doll idea, where you get to change every aspect of the girl's dress, hairstyle, size, etc.," he

"Bizarre" hardly begins to describe the erotic 'hooks' Ninn comes up with in such productions as his "Shock."

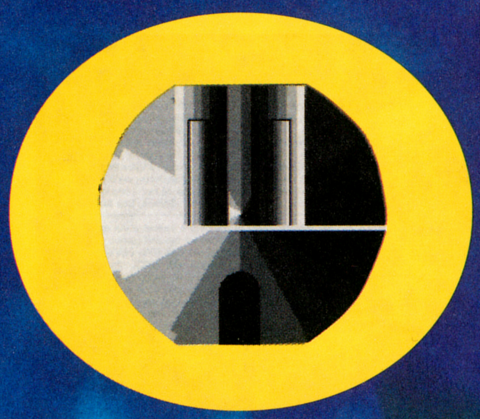

reveals. "It will be a lot of fun for the viewer to manipulate the images in order to create his ideal woman."

As for his other plans? Ninn says he's going to be doing some music videos-something for the Playboy Channel-but has no plans to leave the adult business. Because he's unique in what he does, he competes only with himself and tries to better himself every time he undertakes a new project. Who knows? Perhaps some day he may make the perfect porn movie. Hell, if anybody can do it, Michael Ninn can.

Porn Hell could never be as scary as scenes like this one, (from "Shock.") along with such effects as combining black and white and color images.

This issue we are reviewing some of the latest and best news servers from the Web. We also want you to see just how easy it is to upgrade your computer graphics for a reasonable cost, and we'll tell you about all the latest materials:

experience with computer graphics, you know this is THE program to have. It wasn't on the market at the time of this review, but we have seen it demonstrated at an Adobe convention, and if you can afford it, then you must upgrade. Really, you have no choice. There are too many valuable improvements to Adobe Photoshop and it makes massive scanning jobs (Web master's-listen up) simple. HAYES-OPTIMA 28.8- LAPTOP MODEM- $190
http://www.hayes.com
or call 1-770-840-9200
If you haven't gotten onto the Web with your laptop yet, there is no better time than the present. A 28.8 card was twice this price just 6 months ago- and with a quality modem company like Hayes selling their Optima for under $200, there are no excuses anymore.

Diamond Stealth 64 Video 3200 w/2 Meg- $190
http://www.diamondmm.com or call 1-408-325-7000
Video card prices are plummeting, and it is a good thing. With higher quality 3D images and greater resolution being required all the time, it seems that the old days of a 1Meg video card are long past. In our opinion, if you don't have the money to get the top name Diamond Stealth, then you don't have the money to upgrade yet.

and hardware is best for you, for your purpose

-boggling, at best. Following are some new materials
depending upon your needs and your pocketbook.
"off" with the greatest ease possible.

Agent & Free Agent- $40 & Free
http://www.forteinc.com/forte/
This is the top-rated and easiest interface for newsgroups out there. The interface is totally flexible and allows you more ways to tweak you news server than any other program. Overall there is a solid balance between a browser for reading and for viewing, but if all you want are pictures there are easier ways to go about it.

Microsoft Internet News- Free
http://www.microsoft.com/ie/imn/default.html
This news reader has great features like automatic binary decoding, subscribing to groups, posting messages, etc. Many great things are built into this great news reader such as a full window coming up if you double click on the message. It pulls the list surpassingly quickly and displays it very smoothly, with it's fast scrolling. To decode a file from messages, just select them and hit decode—it's that simple. Then you can do anything you'd like with the file.

MicroPlanet Gravity-30day Free Trial
http://www.microplanet.com/
If you find yourself working "blind" and unable to access and look at everything that's going on, MicroPlanet is a very sturdy and efficient platform, and has a great layout feature which allows you to change the way the windows are arranged so that you can see all of the newsgroups you have subscribed to, all of your message lists, and all of the message content just the way you'd like to see it. It is blazingly fast and handles very large groups or message lists smoothly. This is a solid product, yet, in our opinion it still runs a second-best to the Agents from Forte which is listed in this section.

SB News- Free
http://www.primenet.com/~smbaker/sbnews/sbnews.html
This program is the absolute definition of efficiency. SB News automatically downloads and uudecodes from binary newsgroups. A built-in JPEG viewer shows the images in progress. However this is about all this news reader is good for since it does not enable you to get to read any of the meaty stuff (translate that as hot and sexy and nasty) within the newsgroups. Its just the pics that you get to see, the whole pics, and nothing but the pics—help your hard drive.
